Healthcare Worker Bonus (HWB) Program - Employer Survey

Healthcare Worker Bonus (HWB) Program - Employer Survey

Dear MRT Listserv Subscriber,

In response to provider outreach, The New York State Department of Health (NYSDOH) has defined a process to ensure non-payable, Managed Care Only and OPRA (Ordering, Prescribing, Referring, Attending) providers who otherwise meet the eligibility criteria as defined for the Healthcare Worker Bonus (HWB), have a means in which to register for the HWB Program.

NYSDOH is releasing a survey for enrolled Medicaid providers who meet the eligibility criteria for the HWB but are enrolled with a non-payable status in eMedNY. This includes Managed Care Only and OPRA enrollment status. This survey is intended for ***Employers only***. **Only Employers that do not currently have an HWB Program registration should complete this survey.** NYSDOH will be in contact with additional information on how to register once the survey is closed.

If you are an enrolled provider in eMedNY with a status of Managed Care Only or OPRA, and have reviewed the [Qualified Employer Section](#) of the NYSDOH HWB Program website and determined you are an eligible *Employer*, please complete the below survey within five (5) business days. The survey will remain open until December 6, 2022.

[Healthcare Workers Bonus \(HWB\) - Survey for OPRA & Managed Care Only Providers](#)

For more information on the HWB Program, please visit the [NYSDOH HWB Program webpage](#) which also includes a [Frequently Asked Questions \(FAQ\)](#) page. Qualified employers are encouraged to routinely review these resources for the latest information. The FAQ page will continue to be updated as additional information becomes available.

Thank you.
