Update to Upcoming eMedNY Provider Enrollment Portal

Update to Upcoming eMedNY Provider Enrollment Portal

As previously announced in the January 2022 Medicaid Update, the release of eMedNY's upcoming **Provider Enrollment Portal (the Portal)** will enable practitioners to perform numerous maintenance transactions using an easy online process. Although this will be an alternative to the current paper processes that will significantly reduce turnaround time, paper maintenance forms will continue to be accepted. Group, Business, and Institutional providers will be able to access portal transactions in future releases.

Some of the key maintenance functions of the Portal will include the ability to:

- perform Drug Enforcement Administration (DEA) updates;
- view provider file data in real-time;
- submit address changes;
- affiliate to groups;
- add specialties;
- update electronic funds transfer (EFT) information; **and**
- check the status of all Portal-based maintenance transactions.
