## Third Party Health Resources

Insurance codes are used to identify Third Party Resources (TPR) other than Medicaid and Medicare, under which a client has insurance coverage.

Such coverage must be utilized for payment of medical services prior to submitting claims to the Medicaid Program.

Under the Electronic Medicaid Eligibility Verification System (EMEVS), information specific to TPR will be reported to you when you request eligibility verification of a Medicaid client.

The EMEVS response via the Verifone Omni 3750 terminal or alternate access will be a two-digit insurance code.

For Medicaid Prepaid Capitation Plans only, the two-digit plan code *and* up to 20 alphabetic coverage codes, or the word “ALL” indicating what services are covered, is displayed.

The telephone response will be insurance and coverage codes and a two-digit insurance code and up to 20 messages, or “ALL”, indicating what services are covered.

Please refer to the EMEVS Provider Manual for more detailed information on eligibility verifications, which can be found at:

<http://www.emedny.org/ProviderManuals/index.html>.

The MEVS response will include information on a maximum of two third party insurance carriers. If a Medicaid client is covered by more than two carriers, you will receive a response of “ZZ” as an insurance code. “ZZ” indicates additional insurance.

To obtain coverage information when there are more than two carriers, call Computer Sciences Corporation at:

(800) 343-9000.

## Explanation of Third Party Resources

Medicaid will supplement an eligible beneficiary’s insurance as follows:

- **Medicare (Title XVIII of the Social Security Act)**  
Medicare provides hospital (Part A) and supplementary medical (Part B) coverage to eligible individuals. Instruction on claiming procedures for combination Medicare/Medicaid claims (known as “cross-over” claims) can be found in the **Billing Section** of each Provider Manual.

Providers of care, services, supplies or equipment who are enrolled in Medicaid must accept assignment of a person's right to receive Medicare Part B payments and must not seek to recover Medicare Part B deductible or coinsurance amounts from this group of eligible individuals.

Medicaid may not be billed for Medicare-covered services for which the provider agrees not to charge a beneficiary under the terms of its Medicare provider agreement or for services for which the beneficiary cannot be held liable by the provider under existing Medicare regulations.

Medicare coverage for a Medicaid-eligible beneficiary can be obtained via the EMEVS. EMEVS identifies the type of Medicare coverage the beneficiary is eligible for and the Health Insurance Claim Number (HIC).

A beneficiary, who has only Part B coverage, would have a EMEVS response:

Medicare B HIC [12 digit #].

The EMEVS response for both Part A and Part B coverage would be:

Medicare AB HIC [12 digit #].

➤ **Worker's Compensation**

Worker's Compensation benefits include all necessary medical care arising from job-related injury or illness.

**No Medicaid payments will be made for services covered by Worker's Compensation.**

The availability of Worker's Compensation may not be indicated as a result of eligibility verification via the EMEVS.

In case of work-related injuries or illness, providers and beneficiaries may obtain information from the nearest Worker's Compensation Board Office or the beneficiary's employer.

➤ **Veteran's Benefits**

- General

CHAMPUS (Civilian Health and Medical Program of the Uniformed Services) and CHAMPVA (Civilian Health and Medical Program of Veterans Administration) are similar programs administered by the Department of Defense except that the Veterans Administration determines eligibility of persons seeking to establish entitlement to CHAMPVA coverage.

CHAMPUS provides benefits for health care services furnished by civilian providers, physicians, and suppliers to retired members of the Uniformed Services and to the spouses and children of active duty, retired and deceased members.

The term “Uniformed Services” include Army, Navy, Air Force, Marine Corps, Coast Guard, and the Commissioner Corps of the U.S. Public Health Services and the National Oceanic and Atmospheric Administration.

CHAMPVA provides similar benefits for the spouses and children of veterans who are entitled to permanent and total disability and to widows and children of veterans who died of service-connected disabilities.

- **Effect of Medicare Eligibility on CHAMPUS/CHAMPVA Entitlement**

CHAMPUS/CHAMPVA beneficiaries, other than dependents of active duty members, lose their entitlement to CHAMPUS/CHAMPVA if they qualify for Medicare Part A on any basis other than the premium – Hi provisions.

Individuals who are eligible for Medicare Part B benefits only, as well as dependents of active duty members, are also eligible for CHAMPUS benefits.

- The availability of CHAMPUS/CHAMPVA medical coverage can be determined via EMEVS. The EMEVS response would be **CA**.

Descriptions of the coverage codes can be found online in the **Information for All Providers, Third Party Information Manual** at:

<http://www.emedny.org/ProviderManuals/AllProviders/index.html>.

- **Insurance for Injuries Arising from Accidents**

In such cases, medical payments may be available from Worker’s Compensation, auto or homeowner’s liability insurance policies, etc. If no insurance is in effect, a court action may be taken to cover medical expenses resulting from the accident.

In case of pending court action, Medicaid may be authorized if the individual in question is eligible for Medicaid, and if an assignment of proceeds is made to the LDSS by the beneficiary.

Medicaid-eligible individuals injured in an automobile accident in New York State are usually covered under the *No-Fault Insurance Law*. The injured beneficiary may receive no-fault insurance benefits. Those benefits are to be applied specifically for necessary medical care and services. Medicaid will not duplicate payment for that care.

No-fault benefits must be utilized before Medicaid.

- **Other Insurance**

When a Medicaid beneficiary has other insurance (i.e., basic health and medical insurance such as Blue Cross/Blue Shield, major medical insurance, disability insurance), benefits from that insurance must be utilized first.

Supplementary payments may be made by Medicaid when appropriate.
