### Important New Essential Plan Client Billing Information

#### Important New Essential Plan Client Billing Information

Dates of Service on or after 01/01/2016 are now eligible for reimbursed transportation costs to Medicaid covered services that are provided to Aliessa immigrants in Essential Plans with coverage code **04** and aid categories **B0** or **B1** **on or after this date**. Thus, you may begin to bill Essential Plan clients using the PTAR application.

This process has the following changes to your Remittance Advice:

- Transactions submitted for these Clients shall be paid on a check with an accompanying remittance advice separate from those generated by other submitted PTAR transactions. These checks will be distributed according to the same cycle calendar currently used for payments to the provider community.
- Multiple FCNs will be listed for services rendered to clients in counties outside New York City on the accompanying the PTAR check.
- **NOTE:** Timely filing rule and exception processes still apply.
