# Special Edition Medicaid Update for HIPAA 5010/D.0

eMedNY will implement support for the new HIPAA transaction formats on July 21, 2011. On that date, New York Medicaid will begin its 5010 transition period and will be prepared to accept and process both Versions 5010/D.0 and Versions 4010/5.1 transactions.

On June 13, 2011 the Provider Testing Environment (PTE) will be available for testing of 5010/D.0 transactions with eMedNY. Information will be sent out prior to this date about how to use the PTE.

The New York State Department of Health recently published a Special Edition Medicaid Update for HIPAA 5010/D.0. The Special Edition provides extensive information and requirements related to eMedNY's implementation of the new HIPAA 5010/D.0 standard transactions. If you have not already received the 5010 Special Edition Medicaid Update, you may go to http://www.health.state.ny.us/health_care/medicaid/program/update/2011/index.htm for a copy.

The Medicaid Update is the official newsletter of the New York Medicaid Program. To sign up for this free monthly publication, send your request to medicaidupdate@health.state.ny.us.

If you have any questions, you may contact the call center at 1-800-343-9000 or email emednyalert@csc.com.
