### National Diabetes Prevention Program Updates and Announcements

National Diabetes Prevention Program (NDPP) Community,

We are very pleased to provide you with the two recently published documents by the Department of Health relative to the launch of the New York State Medicaid Program's coverage of the Centers for Disease Control and Prevention (CDC) National Diabetes Prevention Program (NDPP) for Medicaid Fee-For-Service (FFS), and Medicaid Managed Care (MMC) members.

The first document is the [November 2019 letter](#) from Howard A. Zucker, M.D., J.D., NYS Commissioner of Health, to the state's physicians highlighting the Department's initiative to implement the CDC's National Diabetes Prevention Program as a Medicaid covered service in an effort to prevent or delay the onset of type 2 diabetes for Medicaid members.

The second document is the [November 2019 Medicaid Update](#) which presents additional information for providers interested in becoming a Medicaid-enrolled NDPP service provider. Medicaid NDPP service providers assist Medicaid members to make lasting behavior changes through group-based training and individual support.

Questions related to NYS Medicaid NDPP should be directed to: [NDPP@health.ny.gov](mailto:NDPP@health.ny.gov). The NYS Medicaid NDPP Listserv provides information relative to Medicaid's coverage and reimbursement of the CDC's NDPP for Medicaid FFS and MMC members and providers. Information on how to subscribe to the NDPP Listserv can be found at: [https://www.emedny.org/Listserv/eMedNY\\_Email\\_Alert\\_System.aspx](https://www.emedny.org/Listserv/eMedNY_Email_Alert_System.aspx)
