Urgent Update: Notice to Pharmacy Providers Regarding Prescriptions Written by Ordering/Prescribing/Referring/Attending (OPRA) Providers

Effective immediately, the Department has temporarily suspended current editing on prescription claims written by prescribers who are not enrolled in Medicaid. This is due to a system issue identified in the override process. Editing will resume once a system fix is in place. The Department will be providing a communication the week of 2/17/14 - 2/21/14, to inform providers of when the edit will be turned back on and the processes to be used for claim submission.

Please contact the eMedNY Call Center at (800) 343-9000 for questions regarding this edit, or any billing issue.

If you are having problems viewing content within this newsletter, please email emednyalert@csc.com for further assistance.

The Department has attempted to ensure that the information contained in these notifications is as accurate as possible. However, no e-mail transmittals or materials provided are intended to constitute legal or medical advice.
