### Medicaid & CHIP Provider Relief Fund Update

Dear Provider:

This listserv notice is to remind eligible Medicaid and Child Health Plus (CHP) providers that the U.S. Department of Health and Human Services (HHS) has extended the deadline for providers to apply for payment from the Provider Relief Fund for Medicaid and Child Health Plus under the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the Paycheck Protection Program and Health Care Enhancement Act to **August 3, 2020**.

In May 2020, and in anticipation of this funding, HHS requested, and the NYS Department of Health (DOH) provided the Centers for Medicare & Medicaid Services (CMS) with information about providers who received Medicaid or CHP reimbursement in 2018 or 2019. While the method, eligibility and distribution of this funding is being administered by HHS, DOH is working to ensure that New York's Medicaid and CHP providers receive the funding to which they are entitled. Under a process developed by CMS, DOH will receive information about providers who apply but are not confirmed by CMS as NY Medicaid or CHP providers and cannot be confirmed as serving NY Medicaid or CHP beneficiaries.

CMS instructions on how to apply are shown below.

#### To Apply:

All eligible medical, dental, and long-term services and supports (LTSS) providers may begin the application process at: [hhs.gov/providerrelief](https://www.hhs.gov/providerrelief). Also available here are [Medicaid and CHIP Provider Distribution Instructions](#) and the [Medicaid and CHIP Provider Distribution Application Form](#). It is recommended that you use these documents to help you complete the process through the [Enhanced Provider Relief Fund Payment Portal](#).

Visit the CMS website at <https://www.hhs.gov/coronavirus/cares-act-provider-relief-fund/for-providers/index.html> for additional information.
