Commissioner

SALLY DRESLIN, M.S., R.N.
Executive Deputy Commissioner

Retroactive Repricing Update

The Department has identified an issue with the retroactive pharmacy repricing changes to pharmacy reimbursement. The Department is in the process of confirming the list of affected drugs and has suspended further repricing changes until logic can be introduced to remove the affected drugs from the reprocessing. The Department is also working on a permanent fix to adjust those drugs already reprocessed incorrectly since mid-January, and to adjust the logic to reprice these affected drugs correctly going forward. The Department will continue to provide updates on this issue as we progress.

Any questions or concerns can be sent to ppno@health.ny.gov.
