

Reorganization of the 2024 Durable Medical Equipment, Prosthetics, Orthotics and Medical Supplies (DMEPOS) Procedure Code Manual and Fee Schedules

The following changes have been made for the 2024 procedure code manuals and fee schedule for Durable Medical Equipment, Prosthetics, Orthotics and Medical Supplies:

- The DMEPOS Procedure Code Manual has now been split into two separate manuals: the Medical Supply Procedure Codes & Coverage Guidelines manual and the DME Procedure Codes & Coverage Guidelines manual.
- The Medical Supply Procedure Codes & Coverage Guidelines manual replaces the Pharmacy Medical Supply Manual so that all medical supplies can be found in one document. The newly combined manual will be posted in both the DME and Pharmacy sections of the eMedNY provider manual website.
- The DME Procedure Codes & Coverage Guidelines manual will be posted in the DME section of the eMedNY provider manual website.
- Fees for both DME and Medical Supplies manuals will be posted on one fee schedule. Pharmacy only codes are designated with an "X" in the "Pharmacy Only" column on the fee schedule. The newly combined DMEPOS Fee Schedule will be posted in both the DME and Pharmacy sections of the eMedNY provider manual website.
- Monthly quantities have been removed from the Medical Supply Procedure Codes & Coverage Guidelines manual and are now only indicated on the fee schedule under "max units."
- These changes will take place with the April 2024 publication of the new manuals.
