Medicaid Pharmacy Carve-Out: Delayed to April 1, 2023

As modified by the State Fiscal Year (SFY) 2022 Enacted Budget, the transition of the New York State (NYS) Medicaid pharmacy benefit from Medicaid Managed Care (MMC) to the Fee-for-Service (FFS) Program (i.e., the Pharmacy Carve-Out) has been delayed until *April 1, 2023*. This article provides information regarding this two-year delay and reiterates important policies the NYS Department of Health (Department) will continue implementing as well as promoting in preparation for the April 1, 2023 pharmacy carve-out implementation date.

MMC enrollees will continue to receive their pharmacy benefits through their MMC Plans and should direct any pharmacy benefit questions to their respective MMC Plans. Medicaid FFS members can continue accessing information on their pharmacy benefits, including full listings of covered prescription drugs, over-the-counter (OTC) products, and medical supplies via the eMedNY NYS Medicaid Member home page at: <https://member.emedny.org/>. Providers are encouraged to direct Medicaid members to this home page for assistance in locating resources by using the following tools: "Find a Pharmacy/Medical Equipment Supplier", "Search for Covered Prescription Drugs and Over-the-Counter (OTC) Products", and "Search for Covered Medical Supplies". If Medicaid members need assistance using these tools, they are encouraged to call (855) 648-1909.
