UPDATE: Statewide Formulary for Opioid Dependence Agents and Opioid Antagonists

This is an update to the email sent on October 9, 2020 regarding the above topic (attached).

The Statewide Formulary for Opioid Dependence Agents and Opioid Antagonists will not be implemented on 12/1/2020. Instead, it will be implemented on 4/1/21 to coincide with the effective date of the [Pharmacy Carve-Out](#), when the State takes over the administration of the Medicaid Pharmacy benefit. This will result in a single statewide formulary for all covered drugs, including Opioid Dependence Agents and Opioid Antagonists.
