

TRANSPORTATION PA

Practitioners in New York City ordering non-emergency transportation for Medicaid clients via a paper transportation prior authorization (PA) request form to Computer Sciences Corporation (CSC) are reminded that they can only submit requests for clients in the fiscal counties listed below.

Edit 0210 (Transportation PA Requires Manual Review) will set when a paper transportation PA request form is submitted to CSC and the recipient's county of fiscal responsibility is not:

- 66-NYC,
- 97-OMH,
- 98-OMR or
- 99-DOH.

Prior authorization for Medicaid clients whose county of fiscal responsibility is not one of those listed above requires manual review by that county. Therefore, when a PA request is submitted containing a client whose county of fiscal responsibility is not one of those listed, the PA will be suspended for manual review by the county.

These PAs will not appear on your roster until after the county has reviewed the request.

Questions? Please call Computer Sciences Corporation at 1-800-343-9000.
