New Provider Enrollment Portal Coming Soon to eMedNY

New Provider Enrollment Portal Coming Soon to eMedNY

Beginning in Spring 2022, New York State (NYS) Medicaid practitioners will have access to a new **Provider Enrollment Portal**, developed by the NYS Department of Health (DOH) and eMedNY. The portal will enable practitioners to perform numerous maintenance transactions using an easy online process and act as an alternative to the current enrollment process (by paper), reducing turnaround time by eliminating the need for United States Postal Service (USPS) delivery. The portal will also ensure the accurate completion of forms and will provide step-by-step instructions to guide practitioners through the process.

Some of the key features of the Portal will include the ability to:

- View your provider file data in real time, including Electronic Transmitter Identification Numbers (ETINs)
- Submit address changes
- Perform Drug Enforcement Administration (DEA) updates
- Affiliate to groups
- Add specialties – medical, dental, and more
- Update electronic funds transfer (EFT) information
- Check the status of maintenance transactions

Information on how to access the Provider Enrollment Portal, along with information on training and future upgrades, including applications for new enrollment, revalidation and reinstatement, will be announced as information becomes available. Providers are encouraged to regularly visit the eMedNY website at: <https://www.emedny.org/> and to subscribe to the eMedNY LISTSERV at: https://www.emedny.org/Listserv/eMedNY_Email_Alert_System.aspx for updates and email alerts.

If you are having problems viewing content within this newsletter, please email emednyalert@gdit.com for further assistance

The Department has attempted to ensure that the information contained in these notifications is as accurate as possible. However, no e-mail transmittals or materials provided are intended to constitute legal or medical advice.
