Vendor/Software Developers 5010 Conference

Providers, on December 16, 2011 NY Medicaid will be holding a HIPAA 5010 web meeting for vendors and software developers. If your vendor or software development team is not yet supporting the NY Medicaid HIPAA Version 5010 or NCPDP Version D.0. requirements, it is important that they participate. Please forward them the web meeting announcement (below) and urge them sign up.

_____

A web meeting for Vendors and Software Developers will be held on Friday, December 16, at 10:00 a.m. EDT to answer questions about migrating to 5010.

Although NY Medicaid will continue to operate a dual system, accepting and processing HIPAA Versions 4010 and 5010 and NCPDP Versions 5.1 and D.0. through March 31, 2012, the Department urges continued diligence in meeting the January 1, 2012 compliance deadline.

Seating is limited, so please get your reservation as soon as possible. Additional sessions will be added if demand warrants.

Attendees must go to the following site to register for the meeting:
https://cscemedny.webex.com/cscemedny/j.php?ED=177317742&RG=1&UID=1338226187&RT=MiMxMQ%3D%3D

Once the host approves the attendance request, a confirmation email with instructions for joining the meeting will be sent.

For questions, please contact the eMedNY Call Center at (800) 343-9000.
