Third Party Health Resources

Insurance codes are used to identify Third Party Resources (TPR) other than Medicaid and Medicare, under which a client has insurance coverage.

Such coverage must be utilized for payment of medical services prior to submitting claims to the Medicaid Program.

Under the Medicaid Eligibility Verification System (MEVS), information specific to TPR will be reported to you when you request eligibility verification of a Medicaid client.

The MEVS response via the Verifone Omni 3750 terminal or alternate access will be a two-digit insurance code.

For Medicaid Prepaid Capitation Plans only, the two-digit plan code *and* up to 20 alphabetic coverage codes, or the word “ALL” indicating what services are covered, is displayed.

The telephone response will be insurance and coverage codes and a two-digit insurance code and up to 20 messages, or “ALL”, indicating what services are covered.

Please refer to the MEVS Provider Manual for more detailed information on eligibility verifications, which can be found at:

<http://www.emedny.org/ProviderManuals/index.html>.

The MEVS response will include information on a maximum of two third party insurance carriers. If a Medicaid client is covered by more than two carriers, you will receive a response of “ZZ” as an insurance code. “ZZ” indicates additional insurance.

To obtain coverage information when there are more than two carriers, call Computer Sciences Corporation at:

(800) 343-9000.

Insurance Coverage Codes

The following codes are used in MEVS responses to designate the scope of benefits provided by an insurance company.
