

Unlisted Wheeled Mobility Parts and Accessories

Please make the following changes in the Procedure Code and Fee Schedule sections of your DME Provider Manual (Rev. 4/2014)

The following changes are effective for dates of service on or after **June 10, 2014**. Unlisted wheeled mobility parts and accessories will now require a DVS authorization for up to 250 units (\$250), once per year. When requesting DVS authorization, be sure to request the number of units associated with the charge. The charge is the provider's itemized invoice cost plus 50%. If the charge for the unlisted parts and accessories is greater than \$250 or additional unlisted parts accessories are necessary within a year, prior approval is required. K0108 is not to be reported for parts and accessories which have a listed HCPCS.
