

## Additional ICD-10 Acceptable Diagnosis Codes Elective Deliveries Under 39 Weeks

The following ICD-10 diagnosis codes have been added to the list of acceptable diagnosis codes for elective deliveries occurring at less than 39 weeks gestation.

Practitioners are responsible for ensuring that the codes submitted for reimbursement accurately reflect the patient's diagnosis, based on the documentation in the medical record, and the service(s) or procedure(s) that were provided. Post payment reviews are conducted by the Office of the Medicaid Inspector General (OMIG) on adjudicated claims. Medical records must be maintained by providers for a period of not less than six years from the date of payment.

For additional information and a list of the original ICD-10 codes that were published in October, 2015, please visit the following link:
