

Please follow the script as provided. If you still experience problems go to www.emedny.org/POS and locate the online presentations to view or call the eMedNY Provider Services Call Center at (800) 343-9000.

For use with only NYS Medicaid VeriFone Vx610

Vx610 HIPAA 5010 Event Type

The VX610 device focuses on 2 different provider types, Transportation and Home Health Care providers. Each provider that is required to swipe must use Tran Type 8 and will be prompted for Event Type.

Providers must swipe at the beginning and end of service and use an event code.

Example 1: Visiting nurse enters a house and swipes the recipient's Medicaid card and uses event code HA – Home Healthcare Arrival. When the nurse is ready to leave he or she swipes the recipient's Medicaid card again and uses event code HD – Home Healthcare Departure.

Example 2: Ambulance picks up a recipient, swipes their Medicaid card and uses event code TB – Transportation Begin. When the drop off is made they swipe the card again and use event code TE – Transportation End. **Note: For round trips the steps are repeated.)**

One of the following must be entered: **(Note: In the HIPAA 5010 Version 2140 Application the Event Types can be selected by pressing a number)**

TB – Transportation Begin - Press the "1" key

TE – Transportation End - Press the "2" key

HA – Home Healthcare Arrival - Press the "3" key

HD – Home Healthcare Departure - Press the "4" key

Press the **Green** key.
