### CAH/II Case Management Rate Increase

Dear Care at Home Case Management Provider:

The New York State Department of Health, Office of Health Insurance Programs, is pleased to inform you of a statewide fee increase for case management services provided in the Care at Home (CAH) I/II waiver program, effective for dates of service on and after April, 2014.

The new statewide CAH case management fee is \$0.85/unit (\$90.93 per hour). The change in the reimbursement rate is limited to CAH I/II case management services.

CAH case management agencies should continue to use the same rate code to claim for services provided on or after April 1, 2014, corresponding to the waiver in which the client is enrolled. These CAH rate codes are:

- CAH I 2301
- CAH II 2302

For services provided prior to April 1, 2014, the reimbursement will be at the previous rate, \$21.88 per quarter hour. **Note:** It is the date of service that determines the fee, not the date the provider submits a claim for reimbursement. It is anticipated that the payment adjustment will be effectuated by cycle 1960.

Thank you for providing this important service to the children participating in the CAH I/II program and their families.

If you have questions, please contact Lydia Kosinski, Bureau of Home and Community Based Waivers, Division of Long Term Care, at 518-474-5271.
