MANAGED CARE

Updated MCE 834 Companion Guide and Sample Files

Updated MCE 834 Companion Guide and Sample Files

An updated version of the **eMedNY MCE 834 Companion Guide** *(version 3.3)* is published on the eMedNYHIPAASupport page. Enhancements planned with this release *(September 26, 2024)* will allow eMedNY to share Medicare Savings Plan *(MSP)* Information on all MCE 834 transaction types *(ADD, CHANGE, CANCEL, TERM and AUDIT/VERIFICATION)*. MSP Record processing will be conditional based on the content of the current and previously sent MSP records on the MCE 834 to the Plans. For translation recommendations and examples refer to the new MSP Information section of the MCE 834 Companion Guide (CG).

All sample transactions within the MCE 834 CG are also updated and can be used by the Plans for internal testing. eMedNY will NOT send any test files directly to Plans as part of this update. Text versions of all samples included in this MCE 834 CG are also available for download from the eMedNYHIPAASupport **Transaction Instructions page**. Look for these 834 CG Sample Files under Managed Care Enrollment and select appropriate CG Samples.
