## Third Party Health Resources

Insurance codes are used to identify Third Party Resources (TPR) other than Medicaid and Medicare, under which a beneficiary has insurance coverage. Such coverage must be utilized for payment of medical services prior to submitting claims to the Medicaid Program.

Under the Medicaid Eligibility Verification System (MEVS), information specific to TPR will be reported to you when you request eligibility verification of a Medicaid beneficiary. The MEVS response via the Verifone terminal or alternate access will be a two-digit insurance code.

For **Medicaid Prepaid Capitation Plans** only, the two-digit plan code *and* up to 20 alphabetic coverage codes, or the word “ALL” indicating what services are covered, is displayed. The telephone response will be insurance and coverage codes and a two-digit insurance code and up to 20 messages, or “ALL”, indicating which services are covered.

For more detailed information on eligibility verifications, please refer to the MEVS Provider Manual online at:

<http://www.emedny.org/ProviderManuals/index.html>.

The MEVS response will include information on a maximum of two third party insurance carriers. If a Medicaid beneficiary is covered by more than two carriers, you will receive a response of “ZZ” as an insurance code, indicating “additional insurance.”

To obtain coverage information when there are more than two carriers, call Computer Sciences Corporation at:

**(800) 343-9000.**

## Insurance Coverage Codes

The following codes are used in MEVS responses to designate the scope of benefits provided by an insurance company.

Code	Description	Explanation
A	Inpatient Hospital	All inpatient services are covered except psychiatric care.
B	Physician In-Office	Services provided in the physician's office are generally covered.
C	Emergency Room	Self-Explanatory.
D	Clinic	Both hospital-based and free-standing clinic services are covered.
E	Psychiatric Inpatient	Self-Explanatory.
F	Psychiatric Outpatient	Self-Explanatory.
G	Physician In-Hospital	Physician services provided in a hospital or nursing home are covered.
H	Drugs No Card	Drug coverage is available but a drug card is not needed.
I	Lab/X-ray	Laboratory and X-ray services are covered.
J	Dental	Self-Explanatory.
K	Drugs Co-pay	Although insurance carrier expects a co-payment, you may <b>not</b> request it from the beneficiary. If the insurance payment is less than the Medicaid fee, you can bill Medicaid for the balance, which may cover the co-payment.
L	Nursing Home	Some nursing home coverage is available. You must bill until benefits are exhausted.
M	Drugs Major Medical	Drug coverage is provided as part of a major medical policy.
