## **Section I – Purpose Statement**

The purpose of this document is to assist the provider community in understanding and complying with the New York State Medicaid (NYS Medicaid) requirements and expectations for:

- Billing and submitting claims.
- Interpreting and using the information returned in the Medicaid Remittance Advice.

This document is customized for Clinical Psychologists and should be used by the provider as an instructional as well as a reference tool.

## **Section II – Claims Submission**

Clinical Psychologists can submit their claims to NYS Medicaid in electronic or paper formats.

Providers are required to submit an Electronic/Paper Transmitter Identification Number (ETIN) Application and a Certification Statement before submitting claims to NYS Medicaid. Certification Statements remain in effect and apply to all claims until superseded by another properly executed Certification Statement. You will be asked to update your Certification Statement on an annual basis. You will be provided with renewal information when your Certification Statement is near expiration.

### **Pre-requirements for the Submission of Claims**

Before submitting claims to NYS Medicaid, all providers need the following:

- An ETIN
- A Certification Statement

#### ETIN

This is a submitter identifier issued by the eMedNY Contractor. All providers are required to have an active ETIN on file with the eMedNY Contractor prior to the submission of claims. ETINs may be issued to an individual provider or provider group (if they are direct billers) and to service bureaus or clearinghouses.

The ETIN application is available at www.emedny.org by clicking on the link to the web page below:

**Provider Enrollment Forms** 

#### **Certification Statement**

All providers, either direct billers or those who bill through a service bureau or clearinghouse, must file a notarized Certification Statement with NYS Medicaid for each ETIN used for billing.

The Certification Statement is good for one year, after which it needs to be renewed for electronic billing continuity under a specific ETIN. Failure to renew the Certification Statement for a specific ETIN will result in claim rejection.

The Certification Statement is available on the third page of the ETIN application at www.emedny.org or can be accessed by clicking on the link above.

## **Electronic Claims**

Pursuant to the Health Insurance Portability and Accountability Act (HIPAA), Public Law 104-191, which was signed into law August 12, 1996, the NYS Medicaid Program adopted the HIPAA-compliant transactions as the sole acceptable format for electronic claim submission, effective November 2003.

Clinical Psychologists who choose to submit their Medicaid claims electronically are required to use the HIPAA 837 Professional (837P) transaction. In addition to this document, direct billers may also refer to the sources listed below to comply with the NYS Medicaid requirements.

- HIPAA 837P Implementation Guide (IG) explains the proper use of the 837P standards and program specifications. This document is available at <a href="http://www.wpc-edi.com/hipaa">www.wpc-edi.com/hipaa</a>.
- NYS Medicaid 837P Companion Guide (CG) is a subset of the IG which provides specific instructions on the NYS Medicaid requirements for the 837P transaction. This document is available at www.emedny.org by clicking on the link to the web page below.
- NYS Medicaid Technical Supplementary Companion Guide provides technical information needed to successfully transmit and receive electronic data. Some of the topics put forth in this CG are testing requirements, error report information, and communication specifications. This document is available at www.emedny.org by clicking on the link to the web page below.

### **Pre-requirements for the Submission of Electronic Claims**

In addition to an ETIN and a Certification Statement, providers need the following before submitting electronic claims to NYS Medicaid:

- A User ID and Password
- A Trading Partner Agreement
- Testing

#### User ID and Password

Electronic submitters need a user ID and password to access the NYS Medicaid eMedNY system through one of the communication methods available. The user ID and password are issued to the submitter at the time of enrollment in one of the communication methods. The method used to apply for a user ID varies depending on the communication method chosen by the provider. For example: An ePACES user ID is assigned systematically via email while an FTP user ID is assigned after the submission of a Security Packet B.

#### **Trading Partner Agreement**

This document addresses certain requirements applicable to the electronic exchange of information and data associated with health care transactions.

The NYS Medicaid Trading Partner Agreement is available at www.emedny.org by clicking on the link to the web page below:

#### **Provider Enrollment Forms**

#### Testing

Direct billers (either individual providers or service bureaus/clearinghouses that bill for multiple providers) are encouraged to submit production tests to CSC before they start submitting Medicaid claims for the first time after enrollment or any time they update their systems or start using a new system. This testing will assist providers in identifying errors in their system and allow for corrections before they submit actual claims.

Information and instructions regarding testing are available at www.emedny.org by clicking on the link to the web page below:

### **Communication Methods**

The following communication methods are available for submission of electronic claims to NYS Medicaid:

- ePACES
- eMedNY eXchange
- FTP
- CPU to CPU
- eMedNY Gateway
- Simple Object Access Protocol (SOAP)

#### ePACES

NYS Medicaid provides ePACES, a HIPAA-compliant web-based application that is customized for specific transactions, including the 837P. ePACES, which is provided free of charge, is ideal for providers with small-to-medium claim volume.

The requirements for using ePACES include:

- An ETIN and Certification Statement should be obtained prior to enrollment
- Internet Explorer 4.01 and above or Netscape 4.7 and above
- Internet browser that supports 128-bit encryption and cookies
- Minimum connection speed of 56K
- An accessible email address

The following transactions can be submitted via ePACES:

- 270/271 Eligibility Benefit Inquiry and Response
- 276/277 Claim Status Request and Response
- 278 Prior Approval/Prior Authorization/Service Authorization Request and Response
- 837 Dental, Professional and Institutional Claims

ePACES also features the **real time claim submission** functionality under the 837 Professional transaction, which allows immediate adjudication of the claim. When this functionality is used, a claim adjudication status response is sent to the submitter shortly after submission.

To take advantage of ePACES, providers need to follow an enrollment process. Additional enrollment information is available at www.emedny.org by clicking on the link to the web page below:

#### Self Help

#### eMedNY eXchange

eMedNY eXchange is a method in which claims can be submitted and works similarly to typical electronic mail (email). Users are assigned an inbox in the system and are able to send and receive transaction files. The files are attached to the request and sent to eMedNY for processing. The responses are delivered back to the user's inbox where they can be detached and saved locally. For security reasons, the eMedNY eXchange is accessible only through the eMedNY website www.emedny.org.

Access to the eMedNY eXchange is obtained through an enrollment process. To enroll in eXchange, you must first complete enrollment in ePACES and at least one login attempt must be successful.

### FTP

File Transfer Protocol (FTP) is the standard process for batch authorization transmissions. FTP allows users to transfer files from their computer to another computer. FTP is strictly a dial-up connection.

FTP access is obtained through an enrollment process. To obtain a user name and password, you must complete and return a Security Packet B. The Security Packet B is available at www.emedny.org by clicking on the link to the web page below:

#### **Provider Enrollment Forms**

#### CPU to CPU

This method consists of a direct connection established between the submitter and the processor, and it is most suitable for high volume submitters. For additional information regarding this access method, contact the eMedNY Call Center at 800-343-9000.

#### eMedNY Gateway

The eMedNY Gateway or Bulletin Board System (BBS) is a dial-up access method that is only available to existing users. CSC encourages new trading partners to adopt a different access method for submissions to NYS Medicaid. (For example: FTP, eMedNY eXchange, SOAP, etc.)

#### Simple Object Access Protocol (SOAP)

The Simple Object Access Protocol (SOAP) communication method allows trading partners to submit files via the internet under a Service Oriented Architecture (SOA). It is most suitable for users who prefer to develop an automated, systemic approach to file submission.

Access to eMedNY via Simple Object Access Protocol must be obtained through an enrollment process that results in the creation of an eMedNY SOAP Certificate and a SOAP Administrator. Minimum requirements for enrollment include:

- An ETIN and Certification Statement for the enrollee's Provider ID obtained prior to SOAP enrollment
- The enrollee must be a Primary ePACES Administrator or
- The enrollee must have existing FTP access to eMedNY

Additional information about 'Getting Started with SOAP' is available on emedny.org by clicking on the link to the web page below:

#### Notes:

- For additional information regarding the Simple Object Access Protocol, please send an e-mail to NYHIPAADESK3@csc.com.
- For questions regarding ePACES, eXchange, FTP, CPU to CPU or eMedNY Gateway connections, call the eMedNY Call Center at 800-343-9000.

### **Paper Claims**

Clinical Psychologists who choose to submit their claims on paper forms must use the New York State eMedNY-150002 claim form. To view the eMedNY-150002 claim form, click on the link provided below. The displayed claim form is a sample and the information it contains is for illustration purposes only.

#### Clinical Psychology – Sample Claim

An ETIN and a Certification Statement are required to submit paper claims. Providers who have a valid ETIN for the submission of electronic claims do not need an additional ETIN for paper submissions. The ETIN and associated certification qualifies the provider to submit claims in both electronic and paper formats.

### **General Instructions for Completing Paper Claims**

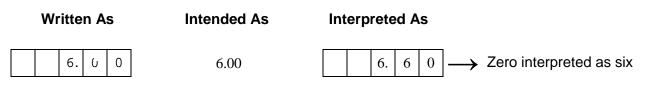

Since the information entered on the claim form is captured via an automated data collection process (imaging), it is imperative that it be legible and placed appropriately in the required fields. The following guidelines will help ensure the accuracy of the imaging output.

- All information should be typed or printed.
- Alpha characters (letters) should be capitalized.
- Numbers should be written as close to the example below as possible:

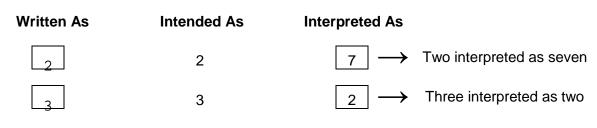

1 2 3 4 5 6 7 8 9 0

• Circles (the letter O, the number 0) must be closed.

• Avoid unfinished characters. For example:

• When typing or printing, stay within the box provided; ensure that no characters (letters or numbers) touch the claim form lines. For example:

• Characters should not touch each other. Example:

Written As	Intended As	Interpreted As	
2	23	$\rightarrow$ illegible	Entry cannot be interpreted properly

- Do not write between lines.
- Do not use arrows or quotation marks to duplicate information.
- Do not use the dollar sign (\$) to indicate dollar amounts; do not use commas to separate thousands. For example, three thousand should be entered as 3000, not as 3,000.
- For writing, it is best to use a felt tip pen with a fine point. Avoid ballpoint pens that skip; do not use pencils, highlighters, or markers. Only blue or black ink is acceptable.
- If entering information through a computer, ensure that all information is aligned properly, and that the printer ink is dark enough to provide clear legibility.
- Do not submit claim forms with corrections, such as information written over correction fluid or crossed out information. If mistakes are made, a new form should be used.
- Separate forms using perforations; do not cut the edges.
- Do not fold the claim forms.

- Do not use adhesive labels (for example for address); do not place stickers on the form.
- Do not write or use staples on the bar-code area.

The address for submitting claim forms is:

#### COMPUTER SCIENCES CORPORATION P.O. Box 4601 Rensselaer, NY 12144-4601

### General Information About the eMedNY-150002 Claim Form

Shaded fields are not required to be completed **unless noted otherwise**. Therefore, shaded fields that are not required to be completed in any circumstance are not listed in the instructions that follow.

## **Billing Instructions for Clinical Psychology Services**

This subsection of the Billing Guidelines covers the specific NYS Medicaid billing requirements for Clinical Psychologists. Although the instructions that follow are based on the eMedNY-150002 paper claim form, they are also intended as a guideline for electronic billers who should refer to these instructions for finding out what information they need to provide in their claims, what codes they need to use, etc.

It is important that providers adhere to the instructions outlined below. Claims that do not conform to the eMedNY requirements as described throughout this document may be rejected, pended, or denied.

#### Instructions for the Submission of Medicare Crossover Claims

This subsection is intended to familiarize the provider with the submission of crossover claims. Providers can bill claims for Medicare/Medicaid patients to Medicare. Medicare will then reimburse its portion to the provider and the provider's Medicare remittance will indicate that the claim will be crossed over to Medicaid.

Claims for services **not** covered by Medicare should continue to be submitted directly to Medicaid as policy allows. Also, **Medicare Part-C** (Medicare Managed Care) and **Part-D** claims are **not** part of this process.

Providers are urged to review their Medicare remittances for crossovers beginning December 1, 2009, to determine whether their claims have been crossed over to Medicaid for processing. Any claim that was indicated by Medicare as a crossover should not be submitted to Medicaid as a separate claim. If the Medicare remittance does not indicate the claim has been crossed over to Medicaid, the provider should submit the claim directly to Medicaid.

Claims that are denied by Medicare will **not** be crossed over.

Medicaid will deny claims that are crossed over without a Patient Responsibility.

Providers will **not** be able to submit a void to for a claim that has crossed over to Medicaid. All voids must be submitted to Medicare. Medicare will then void the Medicare payment and the cross the claim over to Medicaid.

If a separate claim is submitted directly by the provider to Medicaid for a dual eligible recipient and the claim is paid before the Medicare crossover claim, both claims will be paid. The eMedNY system automatically voids the provider submitted claim in this scenario. Providers may submit adjustments to Medicaid for their crossover claims, because they are processed as a regular adjustment.

Electronic remittances from Medicaid for crossover claims will be sent to the default ETIN when the default is set to electronic. If there is no default ETIN, the crossover claims will be reported on a paper remittance. The Default Electronic Transmitter Identification Number (ETIN) Selection Form is available on emedny.org by clicking on the link to the web page below:

#### Provider Enrollment Forms

Note: For crossover claims, the Locator Code will default to 003 if zip+4 does not match information in the provider's Medicaid file.

### Field by Field Instructions for the eMedNY-150002 Claim Form

#### Header Section: Fields 1 through 23B

The information entered in the Header Section of the claim form (fields 1 through 23B) must apply to all claim lines entered in the Encounter Section of the form.

The following two fields (unnumbered) should only be used to adjust or void a paid claim. Do not write in these fields when preparing an original claim form.

#### ADJUSTMENT/VOID CODE (Upper Right Corner of Form)

## Leave this field blank when submitting an original claim or resubmission of a denied claim.

- If submitting an **adjustment** (replacement) to a previously paid claim, enter 'X' or the value **7** in the 'A' box.
- If submitting a **void** to a previously paid claim, enter 'X' or the value **8** in the 'V' box.

#### **ORIGINAL CLAIM REFERENCE NUMBER (Upper Right Corner of the Form)**

## Leave this field blank when submitting an original claim or resubmission of a denied claim.

If submitting an adjustment or a void, enter the appropriate **Transaction Control Number (TCN)** in this field. A TCN is a 16-digit identifier that is assigned to each claim document or electronic record regardless of the number of individual claim lines (service date/procedure combinations) submitted in the document or record. For example, a document/record containing a single service date/procedure combination will be assigned a unique, single TCN; a document/record containing five service date/procedure combinations will be assigned a unique, single TCN, which will be shared by all the individual claim lines submitted under that document/record.

#### Adjustment

An adjustment may be submitted to accomplish any of the following purposes:

- To change information contained in one or more claims submitted on a previously paid TCN
- To cancel one or more claim lines submitted on a previously paid TCN (except if the TCN contained one single claim line or if all the claim lines contained in the TCN are to be voided)

#### Adjustment to Change Information

If an adjustment is submitted to correct information on one or more claim lines sharing the same TCN, follow the instructions below:

- The **Provider ID number**, the **Group ID number**, and the **Patient's Medicaid ID** number must not be adjusted.
- The adjustment must be submitted in a new claim form (copy of the original form is unacceptable).
- The adjustment must contain all claim lines originally submitted in the same document/record (all claim lines with the same TCN) and all applicable fields must be completed with the necessary changes.

The adjustment will cause the correction of the adjusted information in the TCN history records as well as the cancellation of the original TCN payment and the re-pricing of the TCN based on the adjusted information.

#### Example:

TCN 0826019876543200 is shared by three individual claim lines. This TCN was paid on September 16, 2008. After receiving payment, the provider determines that the service date of one of the claim line records is incorrect. An adjustment must be submitted to correct the records. Refer to Figures 1A and 1B for an illustration of this example.

Figure 1B: Adjustment

# Adjustment to Cancel One or More Claims Originally Submitted on the Same Document/Record (TCN)

An adjustment should be submitted to cancel or void one or more individual claim lines that were originally submitted on the same document/record and share the same TCN. The following instructions must be followed:

- The adjustment must be submitted in a new claim form (copy of the original form is unacceptable).
- The adjustment must contain all claim lines submitted in the original document (all claim lines with the same TCN) **except for the claim(s) line(s) to be voided**; these claim lines must be omitted in the adjustment. All applicable fields must be completed.

The adjustment will cause the cancellation of the omitted individual claim lines from the TCN history records as well as the cancellation of the original TCN payment and the repricing of the new TCN (Adjustment) based on the adjusted information.

#### Example:

TCN 0826018765432100 contained three individual claim lines, which were paid on September 16, 2008. Later it was determined that one of the claims was incorrectly billed since the service was never rendered. The claim line for that service must be cancelled to reimburse Medicaid for the overpayment. An adjustment should be submitted. Refer to Figures 2A and 2B for an illustration of this example.

Figure 2B: Adjustment

#### Void

A void is submitted to nullify **all** individual claim lines originally submitted on the same document/record and sharing the same TCN.

When submitting a void, please follow the instructions below:

- The void must be submitted on a new claim form (copy of the original form is unacceptable).
- The void must contain all the claim lines to be cancelled and all applicable fields must be completed.

Voids cause the cancellation of the original TCN history records and payment.

Note: Crossover claims cannot be voided through Medicaid. If a void is necessary, the void must be submitted to Medicare and all individual claim lines will be voided. If only the Medicaid portion is incorrect, then an adjustment should be submitted to Medicaid.

#### Example:

TCN 0826011234567800 contained two claim lines, which were paid on September 16, 2008. Later, the provider became aware that the patient had another insurance coverage. The other insurance was billed and the provider was paid in full for all the services. Medicaid must be reimbursed by submitting a void for the two claim lines paid in the specific TCN. Refer to Figures 3A and 3B for an illustration of this example.

Leave this field blank.

#### PAYMENT SOURCE CODE [Box M And Box O] (Field 23B)

This field has two components: Box M and Box O. Both boxes need to be filled as follows:

#### Box M

The values entered in this box define the nature of the amounts entered in fields 24J and 24K. Box M is used to indicate whether the patient is covered by Medicare and whether Medicare approved or denied payment. Enter the appropriate numeric indicator from the following list.

- No Medicare involvement Source Code Indicator = 1 This code indicates that the patient does not have Medicare coverage.
- Patient has Medicare Part B; Medicare paid for the service Source Code Indicator = 2

This code indicates that the service is covered by Medicare and that Medicare approved the service and made a payment. Medicaid is responsible for reimbursing the Medicare deductible and/or (full or partial) coinsurance.

 Patient has Medicare Part B; Medicare denied payment – Source Code Indicator = 3

This code indicates that Medicare denied payment or did not cover the service billed.

#### Box O

Box O is used to indicate whether the patient has insurance coverage other than Medicare or Medicaid, or whether the patient is responsible for a pre-determined amount of his/her medical expenses. The values entered in this box define the nature of the amount entered in field 24L. Enter the appropriate indicator from the following list.

- No Other Insurance involvement Source Code Indicator = 1 This code indicates that the patient does not have other insurance coverage.
- Patient has Other Insurance coverage Source Code Indicator = 2
   This code indicates that the patient has other insurance regardless of the fact that
   the insurance carrier(s) paid or denied payment or that the service was covered or
   not by the other insurance. When the value 2 is entered in Box O, the two character code that identifies the other insurance carrier must be entered in the
   space following Box O. If more than one insurance carrier is involved, enter the
   code of the insurance carrier who paid the largest amount. For the appropriate
   Other Insurance codes, refer to Information for All Providers, Third Party
   Information, on the web page for this manual.
- Patient Participation Source Code Indicator = 3 This code indicates that the patient has incurred a pre-determined amount of medical expenses, which qualify him/her to become eligible for Medicaid.

The following chart provides a full illustration of how to complete field 23B and the relationship between this field and fields 24J, 24K, and 24L.

This code identifies the type of service that was rendered to the patient. Enter the appropriate five-character procedure code in this field.

Note: Procedure codes, definitions, prior approval requirements (if applicable), fees, etc. are available at www.emedny.org by clicking on the link below under Procedure Codes and Fee Schedule:

**Clinical Psychology Manual** 

#### MOD [Modifier] (Fields 24D, 24E, 24F and 24G)

Leave these fields blank.

#### DIAGNOSIS CODE (Field 24H)

Using the International Classification of Diseases, Ninth Edition, Clinical Modification (ICD-9-CM) coding system, enter the appropriate code which describes the main condition or symptom of the patient. The ICD-9-CM code must be entered exactly as it is listed in the manual in the correct spaces of this field and in relation to the decimal point.

Note: A three-digit Diagnosis Code (no entry following the decimal point) will only be accepted when the Diagnosis Code has no subcategories. Diagnosis Codes with subcategories MUST be entered with the subcategories indicated after the decimal point.

The following is an example of an ICD-9-CM Diagnosis Code properly entered in Field 24H:

Example:

24H.		GNOS	IS CO	DDE	
2	9	7.9			

#### DAYS OR UNITS (Field 24I)

If a procedure was performed more than one time on the same date of service, enter the number of times in this field. If the procedure was performed only one time, this field may be left blank.

## The entries in Fields 24J, 24K, and 24L are determined by the entries in Field 23B, Payment Source Code.

#### CHARGES (Field 24J)

This field must contain **either** the Amount Charged **or** the Medicare Approved Amount.

#### Amount Charged

When Box M in field 23B has an entry value of **1** or **3**, enter the amount charged in this field. The Amount Charged may not exceed the provider's customary charge for the procedure.

#### Medicare Approved Amount

When Box M in field 23B has an entry value of **2**, enter the Medicare Approved Amount in field 24J.

#### Notes:

- Field 24J must never be left blank or contain any zeroes.
- It is the responsibility of the provider to determine whether Medicare covers the service being billed for. If the service is covered or if the provider does not know if the service is covered, the provider must first submit a claim to Medicare, as Medicaid is always the payer of last resort.

#### UNLABELED (Field 24K)

This field is used to indicate the Medicare Paid Amount and must be completed if Box M in field 23B has an entry value of **2** or **3**.

#### The value in Box M is 2

Enter the amount paid by Medicare for the specific service.

#### The value in Box M is 3

When Box M in field 23B contains the value **3**, enter 0.00 in this field to indicate that Medicare denied payment or did not cover the service.

If none of the above situations are applicable, leave this field blank.

#### UNLABELED (Field 24L)

This field must be completed when Box O in field 23B has an entry value of 2 or 3.

- When Box O has an entry value of **2**, enter the other insurance payment in this field. If more than one insurance carrier contributes to payment of the claim, add the payment amounts and enter the total amount paid by all other insurance carriers in this field.
- When Box O has an entry value of **3**, enter the Patient Participation amount. If the patient is covered by other insurance and the insurance carrier(s) paid for the service, add the Other Insurance payment to the Patient Participation amount and enter the sum in this field.

If none of the above situations are applicable, leave this field blank.

# Note: It is the responsibility of the provider to determine whether the patient's Other Insurance carrier covers the service being billed for, as Medicaid is always the payer of last resort.

If the other insurance carrier denied payment enter 0.00 in field 24L. Proof of denial of payment must be maintained in the patient's billing record. Zeroes must also be entered in this field if any of the following situations apply:

- Prior to billing the insurance company, the provider knows that the service will not be covered because:
  - The provider has had a previous denial for payment for the service from the particular insurance policy. However, the provider should be aware that the service should be billed if the insurance policy changes. Proof of denials must be maintained in the patient's billing record. Prior claims denied due to deductibles not being met are not to be counted as denials for subsequent billings.
  - In very limited situations the Local Department of Social Services (LDSS) has advised the provider to zero-fill other insurance payment for same type of service. This communication should be documented in the patient's billing record.
- The provider bills the insurance company and receives a rejection because:
  - ► The service is not covered; or
  - ► The deductible has not been met.
- The provider cannot directly bill the insurance carrier and the policyholder is either unavailable to, or uncooperative in submitting claims to the insurance company. In these cases the LDSS must be notified prior to zero-filling. LDSS has subrogation rights enabling them to complete claim forms on behalf of uncooperative policyholders who do not pay the provider for the services. The LDSS office can direct the insurance company to pay the provider directly for the service whether or not the provider participates with the insurance plan. The provider should contact the third party worker in the local social services office whenever he/she encounters policyholders who are uncooperative in paying for covered services received by their dependents who are on Medicaid. In other cases the provider will be instructed to zero-fill the Other Insurance Payment in the Medicaid claim and the LDSS will retroactively pursue the third party resource.

- The patient or an absent parent collects the insurance benefits and fails to submit payment to the provider. The LDSS must be notified so that sanctions and/or legal action can be brought against the patient or absent parent.
- The provider is instructed to zero-fill by the LDSS for circumstances not listed above.

# Fields 24M through 24O (Inpatient Hospital Visits) may be used for block-billing CONSECUTIVE visits within the SAME MONTH/YEAR made to a patient in a hospital inpatient status.

#### MEDICAID GROUP IDENTIFICATION NUMBER (Field 25B)

Leave this field blank.

#### LOCATOR CODE (Field 25C)

Locator codes 001 and 002 are for administrative use only and are not to be entered in this field. If the provider renders services at one location only, enter locator code 003. If the provider renders service to Medicaid patients at more than one location, the entry may be 003 or a higher locator code. Enter the locator code that corresponds to the address where the service was performed.

Note: The provider is reminded of the obligation to notify Medicaid of all service locations as well as changes to any of them. For information on where to direct locator code updates, please refer to Information for All Providers, Inquiry section on the web page for this manual.

#### SA EXCP CODE [Service Authorization Exception Code] (Field 25D)

Enter the provider's name and address using the following rules for submitting the ZIP code.

- **Paper claim submissions:** Enter the 5 digit ZIP code or the ZIP plus four.
- Electronic claim submissions: Enter the 9 digit ZIP code. The Locator Code will default to 003 if the nine digit ZIP code does not match information in the provider's Medicaid file.

Note: It is the responsibility of the provider to notify Medicaid of any change of address or other pertinent information within 15 days of the change. For information on where to direct address change requests, please refer to Information for All Providers, Inquiry section which can be found on the web page for this manual.

#### PATIENT'S ACCOUNT NUMBER (Field 32)

For record-keeping purposes, the provider may choose to identify a patient by using an office account number. This field can accommodate up to 20 alphanumeric characters. If an office account number is indicated on the claim form, it will be returned on the Remittance Advice. Using an office account number can be helpful for locating accounts when there is a question on patient identification.

#### **OTHER REFERRING/ORDERING PROVIDER ID/LICENSE NUMBER (Field 33)**

Leave this field blank.

#### PROF CD [Profession Code - Other Referring/Ordering Provider] (Field 34)

Leave this field blank.

### **Section III – Remittance Advice**

The purpose of this section is to familiarize the provider with the design and contents of the Remittance Advice.

eMedNY produces remittance advices on a weekly (processing cycle) basis. Weekly remittance advices contain the following information:

- A listing of all **claims** (identified by several pieces of information as submitted on the claim) that have entered the computerized processing system during the corresponding cycle.
- The **status** of each claim (deny/paid/pend) after processing.
- The eMedNY edits (errors) failed by pending or denied claims.
- **Subtotals** (by category, status and member ID) and **grand totals** of claims and dollar amounts.
- Other financial information such as recoupments, negative balances, etc.

The remittance advice, in addition to showing a record of claim transactions, can assist providers in identifying and correcting billing errors and plays an important role in the communication between the provider and the eMedNY Contractor for resolving billing or processing issues.

Remittance advices are available in electronic and paper formats.

Note: There are no changes to the content of Medicaid Remittance Statements for Medicare Cross-over claims.

#### **Electronic Remittance Advice**

The electronic HIPAA 835 transaction (Remittance Advice) is available via the eMedNY eXchange or FTP. To request the electronic remittance advice (835), providers must complete the Electronic Remittance Request form, which is available at www.emedny.org by clicking on the link to the web page below:

#### Provider Enrollment Forms

For additional information, providers may also call the eMedNY Call Center at 800-343-9000. The NYS Medicaid Companion Guides for the 835 transaction are available at www.emedny.org by clicking on the link to the web page below:

#### eMedNY Companion Guides and Sample Files

Providers who submit claims under multiple ETINs receive a separate 835 for each ETIN and a separate check for each 835. Also, any 835 transaction can contain a maximum of ten thousand (10,000) claim lines; any overflow will generate a separate 835 and a separate check.

Providers with multiple ETINs who choose to receive the 835 electronic remittance advice may elect to receive the status of paper claim submissions and state-submitted adjustments/voids in the 835 format. The request must be submitted using the Electronic Remittance Request Form located at <u>www.emedny.org</u>. If this option is chosen, no paper remittance will be produced and the status of claims will appear on the electronic 835 remittance advice for the ETIN indicated on the request form. Retro-adjustment information is also sent in the 835 transaction format. Pending claims do not appear in the 835 transaction; they are listed in the Supplemental file, which will be sent along with the 835 transactions for any processing cycle that produce pends.

#### Notes:

- Electronic remittances reporting Medicare crossover claims will be generated for the provider's default ETIN only.
- Providers with only one ETIN who elect to receive an electronic remittance will have the status of any claims submitted via paper forms and statesubmitted adjustments/voids reported on that electronic remittance. The Default Electronic Transmitter Identification Number (ETIN) Selection Form is available on emedny.org by clicking on the link to the web page below:

**Provider Enrollment Forms** 

#### **Paper Remittance Advice**

Remittance advices are also available on paper. Providers who bill electronically but do not specifically request to receive the 835 transaction are sent paper remittance advices.

## Note: Providers submitting crossover claims who do not set their default ETIN will receive paper remittance

#### **Remittance Sorts**

The default sort for the paper remittance advice is: Claim Status (denied, paid, pending) – Patient ID – TCN

Providers can request other sort patterns that may better suit their accounting systems. The additional sorts available are as follows:

- TCN Claim Status Patient ID Date of Service
- Patient ID Claim Status TCN
- Date of Service Claim Status Patient ID

To request a sort pattern other than the default, providers **must** complete the Paper Remittance Sort Request form which is available at www.emedny.org by clicking on the link to the web page below:

#### **Provider Enrollment Forms**

For additional information, providers may also call the eMedNY Call Center at 800-343-9000.

#### **Remittance Advice Format**

The remittance advice is composed of five sections as described below.

- Section One may be one of the following:
  - Medicaid Check
  - ► Notice of Electronic Funds Transfer (EFT)
  - Summout (no claims paid)
- Section Two: Provider Notification (special messages)
- Section Three: Claim Detail

- Section Four:
  - ► Financial Transactions (recoupments)
  - ► Accounts Receivable (cumulative financial information)
- Section Five: Edit (Error) Description

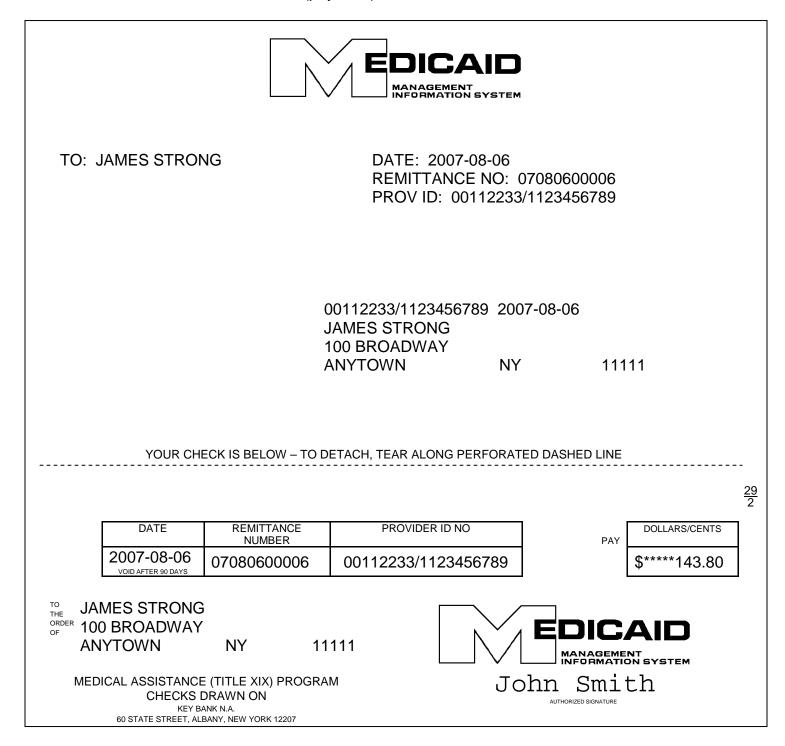

#### **Explanation of Remittance Advice Sections**

The information displayed in the remittance advice samples is for illustration purposes only. The following information applies to a remittance advice with the default sort pattern.

#### General Information on the Claim Detail Pages

#### UPPER LEFT CORNER

Provider's name and address

#### **UPPER RIGHT CORNER**

Remittance page number Date on which the remittance advice was issued Cycle number. The cycle number should be used when calling the eMedNY Call Center with questions about specific processed claims or payments.

ETIN (not applicable) Provider Service Classification: **PRACTITIONER** PROV ID: This field will contain the Medicaid Provider ID and the NPI Remittance number

#### Explanation of the Claim Detail Columns

#### LN. NO. (LINE NUMBER)

This column indicates the line number of each claim as it appears on the claim form.

#### OFFICE ACCOUNT NUMBER

If a Patient/Office Account Number was entered in the claim form, that number (up to 20 characters) will appear under this column.

#### **CLIENT NAME**

This column indicates the last name of the patient. If an invalid Medicaid Client ID was entered in the claim form, the ID will be listed as it was submitted but no name will appear under this column.

#### CLIENT ID NUMBER

The client's Medicaid ID number appears under this column.

#### <u>TCN</u>

The TCN is a unique identifier assigned to each document (claim form) that is processed. If multiple claim lines are submitted on the same claim form, all the lines are assigned the same TCN.

#### DATE OF SERVICE

This column lists the service date as entered in the claim form.

#### PROCEDURE CODE

The five-digit procedure code that was entered in the claim form appears under this column.

#### <u>UNITS</u>

The total number of units of service for the specific claim appears under this column. The units are indicated with three (3) decimal positions. Since Clinical Psychologists must only report whole units of service, the decimal positions will always be 000. For example: 3 units will be indicated as 3.000.

#### <u>CHARGED</u>

This column lists either the amount the provider charged for the claim or the Medicare Approved amount if applicable.

#### <u>PAID</u>

If the claim is approved, the amount paid appears under this column. If the claim has a pend or deny status, the amount paid will be zero (0.00).

#### **STATUS**

This column indicates the status (DENY, PAID/ADJT/VOID, PEND) of the claim line.

#### **Denied Claims**

Claims for which payment is denied will be identified by the **DENY** status. A claim may be denied for the following general reasons:

- The service rendered is not covered by the New York State Medicaid Program
- The claim is a duplicate of a prior paid claim
- The required Prior Approval has not been obtained
- Information entered in the claim form is invalid or logically inconsistent

#### **Approved Claims**

Approved claims will be identified by the statuses **PAID**, **ADJT** (adjustment), or **VOID**.

#### Paid Claims

The status PAID refers to **original** claims that have been approved.

#### Adjustments

The status ADJT refers to a claim submitted in replacement of a paid claim with the purpose of changing one or more fields. An adjustment has two components: the credit transaction (previously paid claim) and the debit transaction (adjusted claim).

#### Voids

The status VOID refers to a claim submitted with the purpose of canceling a previously paid claim. A void lists the credit transaction (previously paid claim) only.

#### Pending Claims

Claims that require further review or recycling will be identified by the **PEND** status. The following are examples of circumstances that commonly cause claims to be pended:

- New York State Medical Review required.
- Procedure requires manual pricing.
- No match found in the Medicaid files for certain information submitted on the claim, for example: Client ID, Prior Approval, Service Authorization. These claims are recycled for a period of time during which the Medicaid files may be updated to match the information on the claim.

After manual review is completed, a match is found in the Medicaid files or the recycling time expires, pended claims may be approved for payment or denied.

A new pend is signified by two asterisks (\*\*). A previously pended claim is signified by one asterisk (\*).

#### **ERRORS**

For claims with a DENY or PEND status, this column indicates the NYS Medicaid edit (error) numeric code(s) that caused the claim to deny or pend. Some edit codes may also be indicated for a PAID claim. These are "approved" edits, which identify certain "errors" found in the claim, which do not prevent the claim from being approved. Up to twenty-five (25) edit codes, including approved edits, may be listed for each claim. Edit code definitions will be listed on the last page(s) of the remittance advice.

#### Subtotals/Totals

Subtotals of dollar amounts and number of claims are provided as follows:

Subtotals by claim **status** appear at the end of the claim listing for each status. The subtotals are broken down by:

- Original claims
- Adjustments
- Voids
- Adjustments/voids combined

Subtotals by **provider type** are provided at the end of the claim detail listing. These subtotals are broken down by:

- Adjustments/voids (combined)
- Pends
- Paid
- Denied
- Net total paid (sum of approved adjustments/voids and paid original claims)

Totals by **member ID** are provided next to the subtotals for provider type. For individual practitioners these totals are exactly the same as the subtotals by provider type. For practitioner groups, this subtotal category refers to the specific member of the group who provided the services. These subtotals are broken down by:

- Adjustments/voids (combined)
- Pends
- Paid
- Deny
- Net total paid (sum of approved adjustments/voids and paid original claims)

**Grand Totals** for the entire provider remittance advice appear on a separate page following the page containing the **totals** by **provider type and member ID.** The grand total is broken down by:

- Adjustments/voids (combined)
- Pends
- Paid
- Deny
- Net total paid (entire remittance)

#### Section Four

This section has two subsections:

- Financial Transactions
- Accounts Receivable

#### **Financial Transactions**

The Financial Transactions subsection lists all the recoupments that were applied to the provider during the specific cycle. If there is no recoupment activity, this subsection is not produced.

#### **Explanation of the Financial Transactions Columns**

#### FCN (Financial Control Number)

This is a unique identifier assigned to each financial transaction.

#### FINANCIAL REASON CODE

This code is for DOH/CSC use only; it has no relevance to providers. It identifies the reason for the recoupment.

#### FISCAL TRANSACTION TYPE

This is the description of the Financial Reason Code. For example: Third Party Recovery.

#### <u>DATE</u>

The date on which the recoupment was applied. Since all the recoupments listed on this page pertain to the current cycle, all the recoupments will have the same date.

#### <u>AMOUNT</u>

The dollar amount corresponding to the particular fiscal transaction. This amount is deducted from the provider's total payment for the cycle.

#### Totals

The total dollar amount of the financial transactions (**Net Financial Transaction Amount**) and the total number of transactions (**Number of Financial Transactions**) appear below the last line of the transaction detail list.

The Net Financial Transaction Amount added to the Claim Detail-Grand Total must equal the Medicaid Check or EFT amounts.

#### Accounts Receivable

This subsection displays the original amount of each of the outstanding Financial Transactions and their current balance after the cycle recoupments were applied. If there are no outstanding negative balances, this section is not produced.

#### Explanation of the Accounts Receivable Columns

#### **REASON CODE DESCRIPTION**

This is the description of the Financial Reason Code. For example: Third Party Recovery.

#### ORIGINAL BALANCE

The original amount (or starting balance) for any particular financial reason.

#### **CURRENT BALANCE**

The current amount owed to Medicaid (after the cycle recoupments, if any, were applied). This balance may be equal to or less than the original balance.

#### **RECOUPMENT % AMOUNT**

The deduction (recoupment) scheduled for each cycle.

#### Total Amount Due the State

This amount is the sum of all the **Current Balances** listed above.

#### **Section Five – Edit Descriptions**

The last section of the Remittance Advice features the description of each of the edit codes (including approved codes) failed by the claims listed in Section Three.
