1. Purpose Statement

The purpose of this document is to assist the provider community in understanding and complying with the New York State Medicaid (NYS Medicaid) requirements and expectations for:

- Billing and submitting claims.
- Interpreting and using the information returned in the Medicaid Remittance Advice.

This document is customized for Hearing Aid/Audiology Services and should be used by the provider as an instructional as well as a reference tool. For providers new to NYS Medicaid, it is required to read the All Providers General Billing Guideline Information available at www.emedny.org by clicking on the link to the webpage as follows: [Information for All Providers](#).

2. Claims Submission

Hearing Aid/Audiology Services providers can submit their claims to NYS Medicaid in electronic or paper formats.

Providers are required to submit an Electronic/Paper Transmitter Identification Number (ETIN) Application and a Certification Statement before submitting claims to NYS Medicaid. Certification Statements remain in effect and apply to all claims until superseded by another properly executed Certification Statement.

Providers will be asked to update their Certification Statement on an annual basis. Providers will be provided with renewal information when their Certification Statement is near expiration. Information about these requirements is available at www.emedny.org by clicking on the link to the webpage as follows: [Information for All Providers](#).

2.1 Electronic Claims

Pursuant to the Health Insurance Portability and Accountability Act (HIPAA), Public Law 104-191, which was signed into law August 12, 1996, the NYS Medicaid Program adopted the HIPAA-compliant transactions as the sole acceptable format for electronic claim submission, effective November 2003.

Hearing Aid/Audiology Services providers who choose to submit their Medicaid claims electronically are required to use the HIPAA 837 Professional (837P) transaction. Direct billers should refer to the sources listed below to comply with the NYS Medicaid requirements.

- HIPAA 837P Implementation Guide (IG) explains the proper use of the 837P standards and program specifications. This document is available at www.wpc-edi.com/hipaa.
- NYS Medicaid 837P Companion Guide (CG) is a subset of the IG which provides specific instructions on the NYS Medicaid requirements for the 837P transaction. This document is available at www.emedny.org by clicking on the link to the web page as follows: [eMedNY Companion Guides and Sample Files](#).
- NYS Medicaid Technical Supplementary Companion Guide provides technical information needed to successfully transmit and receive electronic data. Some of the topics put forth in this CG are testing requirements, error report information, and communication specifications. This document is available at www.emedny.org by clicking on the link to the web page as follows: [eMedNY Companion Guides and Sample Files](#).

Further information about electronic claim pre-requirements is available at www.emedny.org by clicking on the link to the webpage as follows: [Information for All Providers](#).

2.2 Paper Claims

Hearing Aid/Audiology Services providers who choose to submit their claims on paper forms must use the New York State eMedNY-150003 claim form.

To view a sample Hearing Aid/Audiology Services eMedNY - 150003 claim form, see Appendix A below. The displayed claim form is a sample and the information it contains is for illustration purposes only.

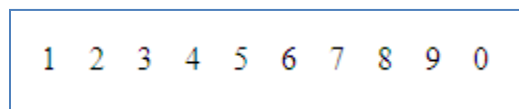

An Electronic Transmission Identification Number (ETIN) and a Certification Statement are required to submit paper claims. Providers who have a valid ETIN for the submission of electronic claims do not need an additional ETIN for paper submissions. The ETIN and the associated certification qualify the provider to submit claims in both electronic and paper formats. Information about these requirements is available at www.emedny.org by clicking on the link to the webpage as follows: [Information for All Providers](#).

2.2.1 General Instructions for Completing Paper Claims

Since the information entered on the claim form is captured via an automated data collection process (imaging), it is imperative that entries are legible and placed appropriately in the required fields. The following guidelines will help ensure the accuracy of the imaging output:

- All information should be typed or printed.
- Alpha characters (letters) should be capitalized.
- Numbers should be written as close to the example below in Exhibit 2.1.1-1 as possible:

Exhibit 2.2.1-1

- Circles (the letter O, the number 0) must be closed.
- Avoid unfinished characters. See the example in Exhibit 2.2.1-2.

Exhibit 2.2.1-2

<table border="1"> <tr> <td></td> <td></td> <td>6.</td> <td>0</td> <td>0</td> </tr> </table>			6.	0	0	6.00	<table border="1"> <tr> <td></td> <td></td> <td>6.</td> <td>6</td> <td>0</td> </tr> </table> → Zero interpreted as six			6.	6	0
		6.	0	0								
		6.	6	0								

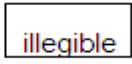

- When typing or printing, stay within the box provided; ensure that no characters (letters or numbers) touch the claim form lines. See the example in Exhibit 2.2.1-3.

Exhibit 2.2.1-3

Written As	Intended As	Interpreted As
	2	 → Two interpreted as seven
	3	 → Three interpreted as two

- Characters should not touch each other as seen in Exhibit 2.2.1-4.

Exhibit 2.2.1-4

Written As	Intended As	Interpreted As
	23	 → Entry cannot be interpreted properly

- Do not write between lines.
- Do not use arrows or quotation marks to duplicate information.
- Do not use the dollar sign (\$) to indicate dollar amounts; do not use commas to separate thousands. For example, three thousand should be entered as 3000, not as \$3,000.
- For writing, it is best to use a felt tip pen with a fine point. Avoid ballpoint pens that skip; do not use pencils, highlighters, or markers. Only blue or black ink is acceptable.
- If filling in information through a computer, ensure that all information is aligned properly and that the printer ink is dark enough to provide clear legibility.
- Do not submit claim forms with corrections, such as information written over correction fluid or crossed out information. If mistakes are made, a new form should be used.
- Separate forms using perforations; do not cut the edges.
- Do not fold the claim forms.
- Do not use adhesive labels (for example for address); do not place stickers on the form.
- Do not write or use staples on the bar-code area.

The address for submitting claim forms is:

COMPUTER SCIENCES CORPORATION
 P.O. Box 4601
 Rensselaer, NY 12144-4601

2.3 eMedNY – 150003 Claim Form

The 150003 form is a New York State Medicaid form that can be obtained through the financial contractor (CSC). To order the forms, please contact the eMedNY call center at 1-800-343-9000.

To view a sample Hearing Aid/Audiology Services eMedNY - 150003 claim form, see Appendix A. The displayed claim form is a sample and the information it contains is for illustration purposes only.

Shaded fields are not required to be completed *unless noted otherwise*. Therefore, shaded fields that are not required to be completed in any circumstance are not listed in the instructions that follow.

2.4 Hearing Aid/Audiology Services Billing Instructions

This subsection of the Billing Guidelines covers the specific NYS Medicaid billing requirements for Hearing Aid/Audiology Services providers. Although the instructions that follow are based on the eMedNY-150003 paper claim form, they are also intended as a guideline for electronic billers to find out what information they need to provide in their claims, in addition to the HIPAA Companion Guides which are available at www.emedny.org by clicking on the link to the webpage as follows: [eMedNY Companion Guides and Sample Files](#).

It is important that providers adhere to the instructions outlined below. Claims that do not conform to the eMedNY requirements as described throughout this document may be rejected, pending, or denied.

2.4.1 Instructions for the Submission of Medicare Crossover Claims

This subsection is intended to familiarize the provider with the submission of crossover claims. Providers can bill claims for Medicare/Medicaid patients to Medicare. Medicare will then reimburse its portion to the provider and the provider's Medicare remittance will indicate that the claim will be crossed over to Medicaid.

Claims for services not covered by Medicare should continue to be submitted directly to Medicaid as policy allows. Also, *Medicare Part-C* (Medicare Managed Care) and *Medicare Part-D* claims are *not* part of this process.

Providers are urged to review their Medicare remittances for crossovers beginning December 1, 2009, to determine whether their claims have been crossed over to Medicaid for processing. Any claim that was indicated by Medicare as a crossover should not be submitted to Medicaid as a separate claim. If the Medicare remittance does not indicate that the claim has been crossed over to Medicaid, the provider should submit the claim directly to Medicaid.

- Claims that are denied by Medicare will not be crossed over.
- Medicaid will deny claims that are crossed over without a Patient Responsibility.

If a separate claim is submitted directly by the provider to Medicaid for a dual eligible recipient and the claim is paid before the Medicare crossover claim, both claims will be paid. The eMedNY system automatically voids the provider submitted claim in this scenario. Providers may submit adjustments to Medicaid for their crossover claims, because they are processed as a regular adjustment.

Electronic remittances from Medicaid for crossover claims will be sent to the default ETIN when the default is set to electronic. If there is no default ETIN, the crossover claims will be reported on a paper remittance. The ETIN application is available at www.emedny.org by clicking on the link to the webpage as follows: [Provider Enrollment Forms](#).

NOTE: For crossover claims, the Locator Code will default to 003 if the submitted ZIP+4 does not match information in the provider's Medicaid file.

2.4.2 eMedNY - 150003 Claim Form Field Instructions

Header Section: Fields 1 through 23B

The information entered in the Header Section of the claim form (fields 1 through 23B) must apply to all claim lines entered in the Encounter Section of the form.

The following two unnumbered fields should only be used to adjust or void a paid claim. Do not write in these fields when preparing an original claim form.

Adjustment/Void Code (Upper Right Corner of Form)

Leave this field blank when submitting an original claim or resubmission of a denied claim.

- If submitting an **adjustment** (replacement) to a previously paid claim, enter 'X' or the value **7** in the 'A' box.
- If submitting a **void** to a previously paid claim, enter 'X' or the value **8** in the 'V' box.

Original Claim Reference Number (Upper Right Corner of Form)

Leave this field blank when submitting an original claim or resubmission of a denied claim.

If submitting an adjustment or a void, enter the appropriate **Transaction Control Number (TCN)** in this field. A TCN is a 16-digit identifier that is assigned to each claim document or electronic record regardless of the number of individual claim lines (service date/procedure combinations) submitted in the document or record. For example, a document/record containing a single service date/procedure combination will be assigned a unique, single TCN; a document/record containing five service date/procedure combinations will be assigned a unique, single TCN, which will be shared by all the individual claim lines submitted under that document/record.

2.4.2.1 Adjustment

An adjustment may be submitted to accomplish any of the following purposes:

- To change information contained in one or more claims submitted on a previously paid TCN.
- To cancel one or more claim lines submitted on a previously paid TCN (except if the TCN contained one single claim line or if all the claim lines contained in the TCN are to be voided).

Adjustment to Change Information

If an adjustment is submitted to correct information on one or more claim lines sharing the same TCN, follow the instructions below:

- The Provider ID number, the Group ID number, and the Patient's Medicaid ID number must not be adjusted.
- The adjustment must be submitted in a new claim form (copy of the original form is unacceptable).
- The adjustment must contain all claim lines originally submitted in the same document/record (all claim lines with the same TCN) and all applicable fields must be completed with the necessary changes.

The adjustment will cause the correction of the adjusted information in the TCN history records as well as the cancellation of the original TCN payment and the re-pricing of the TCN based on the adjusted information.

Exhibit 2.4.2.1-1 and Exhibit 2.4.2.1-2 illustrate an example of a claim with an adjustment being made to change information submitted on the claim. TCN 1029119876543200 is shared by three individual claim lines. This TCN was paid on October 18, 2010. After receiving payment, the provider determines that the billed charge for one of the claim line records is incorrect. An adjustment must be submitted to correct the records. Exhibit 2.4.2.1-1 shows the claim as it was originally submitted and Exhibit 2.4.2.1-2 shows the claim as it appears after the correction to the billed charge has been made.

Adjustment to Cancel One or More Claims Originally Submitted on the Same Document/Record (TCN)

An adjustment should be submitted to cancel or void one or more individual claim lines that were originally submitted on the same document/record and share the same TCN. The following instructions must be followed:

- The adjustment must be submitted in a new claim form (copy of the original form is unacceptable).
- The adjustment must contain all claim lines submitted in the original document (all claim lines with the same TCN) except for the claim(s) line(s) to be voided; these claim lines must be omitted in the adjustment. All applicable fields must be completed.

The adjustment will cause the cancellation of the omitted individual claim lines from the TCN history records as well as the cancellation of the original TCN payment and the re-pricing of the new TCN (Adjustment) based on the adjusted information.

Exhibit 2.4.2.1-3 and Exhibit 2.4.2.1-4 illustrate an example of a claim with an adjustment being made to cancel a line on submitted on the claim. TCN 1029119876543200 contained three individual claim lines, which were paid on October 18, 2010. Later it was determined that one of the claims was incorrectly billed since the service was never rendered. The claim line for that service must be cancelled to reimburse Medicaid for the overpayment. An adjustment should be submitted. Exhibit 2.4.2.1-3 shows the claim as it was originally submitted and Exhibit 2.4.2.1-4 shows the claim as it appears after the adjustment has been made.

2.4.2.2 Void

A void is submitted to nullify *all* individual claim lines originally submitted on the same document/record and sharing the same TCN.

When submitting a void, please follow the instructions below:

- The void must be submitted on a new claim form (copy of the original form is unacceptable).
- The void must contain all the claim lines to be cancelled and all applicable fields must be completed.

Voids cause the cancellation of the original TCN history records and payment.

Exhibit 2.4.2.2-1 and Exhibit 2.4.2.2-2 illustrate an example of a claim being voided. TCN 1029119876543200 contained two claim lines, both of which were paid on October 18, 2010. Later, the provider became aware that the patient had another insurance coverage. The other insurance was billed and the provider was paid in full for all the services. Medicaid must be reimbursed by submitting a void for the two claim lines paid in the specific TCN. Exhibit 2.4.2.2-1 shows the claim as it was originally submitted and Exhibit 2.4.2.2-2 shows the claim being submitted as voided.

Payment Source Code [Box M and Box O] (Field 23B)

This field has two components: Box M and Box O as shown in Exhibit 2.4.2-7 below:

Exhibit 2.4.2-7

23B. PAYM'T SOURCE CO			
M	/	O	/ /

Both boxes need to be filled as follows:

Box M

The values entered in this box define the nature of the amounts entered in fields 24J and 24K. Box M is used to indicate whether the patient is covered by Medicare and whether Medicare approved or denied payment. Enter the appropriate numeric indicator from the following list.

- No Medicare involvement – Source Code Indicator = 1

This code indicates that the patient does not have Medicare coverage.

- Patient has Medicare Part B; Medicare approved the service – Source Code Indicator = 2

This code indicates that the service is covered by Medicare and that Medicare approved the service and *either made a payment or paid 0.00 due to a deductible*. Medicaid is responsible for reimbursing the Medicare deductible and /or (full or partial) coinsurance.

- Patient has Medicare Part B; Medicare denied payment – Source Code Indicator = 3

This code indicates that Medicare denied payment or did not cover the service billed.

Box O

Box O is used to indicate whether the patient has insurance coverage other than Medicare or Medicaid or whether the patient is responsible for a pre-determined amount of his/her medical expenses. The values entered in this box define the nature of the amount entered in field 24L. Enter the appropriate indicator from the following list.

- No Other Insurance involvement – Source Code Indicator = 1

This code indicates that the patient does not have other insurance coverage.

- Patient has Other Insurance coverage – Source Code Indicator = 2

This code indicates that the patient has other insurance regardless of the fact that the insurance carrier(s) paid or denied payment or that the service was covered or not by the other insurance. When the value **2** is entered in Box 'O', the two-character code that identifies the other insurance carrier must be entered in the space following Box O. If more than one insurance carrier is involved, enter the code of the insurance carrier who paid

the largest amount. For the appropriate Other Insurance codes, refer to Information for All Providers, Third Party Information, which can be found at www.emedny.org by clicking on the link to the webpage as follows: [Hearing Aid Manual](#).

● Patient Participation – Source Code Indicator = 3

This code indicates that the patient has incurred a pre-determined amount of medical expenses, which qualify him/her to become eligible for Medicaid.

Exhibit 2.4.2-8 provides a full illustration of how to complete field 23B and the relationship between this field and fields 24J, 24K, and 24L.

Encounter Section: Fields 24A to 24O

The claim form can accommodate up to seven encounters with a single patient, plus a block of encounters in a hospital setting, if all the information in the Header Section of the claim (Fields 1–23B) applies to all the encounters.

Date of Service (Field 24A)

Enter the date on which the service was rendered in the format MM/DD/YY.

NOTES:

- *A service date must be entered for each procedure code listed.*
- *In accordance with New York State policy, hearing aids must be dispensed within six months of the Ordering date. A claim form must be submitted within 90 days from the Date of Service entered on the claim form.*
- *When billing for an ear mold subsequent to a patient's loss of eligibility, the Date of Service should be the date on which the ear mold impression was taken. The circumstances for this billing situation are outlined in the Policy Guidelines available at www.emedny.org by clicking on the link to the webpage as follows: [Hearing Aid Manual](#).*

Place [of Service] (Field 24B)

This two-digit code indicates the type of location where the service was rendered. Please note that place of service code is different from locator code. Select the appropriate codes from Appendix B-Code Sets.

NOTE: *If code 99 (Other Unlisted Facility) is entered in this field for any claim line, the exact address where the procedure was performed must be entered in fields 21 and 21A.*

Procedure Code (Field 24C)

This code identifies the type of service that was rendered to the patient. Enter the appropriate five-character procedure code in this field.

NOTE: *Procedure codes, definitions, prior approval requirements (if applicable), fees, etc. are available at www.emedny.org by clicking on the link to the webpage as follows: [Hearing Aid Manual](#).*

MOD [Modifier] (Fields 24D, 24E, 24F, and 24G)

Under certain circumstances, the procedure code must be expanded by a two-digit modifier to further explain or define the nature of the procedure. If the Procedure Code requires the addition of modifiers, enter one or more (up to four) modifiers in these fields.

Special Instructions for Claiming Medicare Deductible

When billing for the Medicare deductible, modifier “U2” must be used in conjunction with the Procedure Code for which the deductible is applicable. *Do not* enter the “U2” modifier if billing for Medicare coinsurance.

NOTE: Modifier values and their definitions are available under Procedure Codes and Fee Schedule at www.emedny.org by clicking on the link to the webpage as follows: [Hearing Aid Manual](#).

Diagnosis Code (Field 24H)

Using the International Classification of Diseases, Ninth Edition, Clinical Modification (ICD-9-CM) coding system, enter the appropriate code which describes the main condition or symptom of the patient. The ICD-9-CM code must be entered exactly as it is listed in the manual in the correct spaces of this field and in relation to the decimal point. Proper entry of an IDC-9-CM Diagnosis Code is shown in Exhibit 2.4.2-9.

Exhibit 2.4.2-9

24H.						
DIAGNOSIS CODE						
	3		8		9 . 9	

NOTE: A three-digit Diagnosis Code (no entry following the decimal point) will only be accepted when the Diagnosis Code has no subcategories. Otherwise, Diagnosis Codes with subcategories MUST be entered with the subcategories indicated after the decimal point.

Days or Units (Field 24I)

Enter the quantity of each item dispensed or units of service rendered. If only one unit of an item was dispensed, this field may be left blank.

NOTE: Batteries should be billed individually; therefore when billing for batteries, this field should reflect the number of batteries dispensed rather than the number of battery packages.

Charges (Field 24J)

This field must contain *either* the Amount Charged *or* the Medicare Approved Amount.

Amount Charged

When Box M in field 23B has an entry value of **1** or **3**, enter the amount charged in this field. The Amount Charged may not exceed the provider's customary charge for the procedure.

Medicare Approved Amount

Box M in field 23B must have an entry value of **2**. Enter the Medicare Approved Amount in field 24J. The Medicare Approved amount is determined as follows:

- If billing for the Medicare *deductible*, the Medicare Approved amount should equal the Deductible amount claimed, which must not exceed the established amount for the year in which the service was rendered.
- If billing for the Medicare *coinsurance*, the Medicare Approved amount should equal the sum of the amount paid by Medicare plus the Medicare co-insurance amount plus the Medicare deductible amount, if any.

NOTES:

- *The entries in field 23B, Payment Source Code, determine the entries in field's 24J, 24K, and 24L.*
- *Field 24J must never be left blank or contain 0.00. If the Medicare Approved amount from the EOMB equals zero, then Medicaid should not be billed.*
- *It is the responsibility of the provider to determine whether Medicare covers the service being billed for. If the service is covered or if the provider does not know if the service is covered, the provider must first submit a claim to Medicare, as Medicaid is always the payer of last resort.*

Unlabeled (Field 24K)

This field is used to indicate the Medicare Paid Amount and must be completed if Box M in field 23B has an entry value of **2** or **3**.

Box M = 2

- When billing for the Medicare *deductible*, enter 0.00 in this field.
- When billing for the Medicare *coinsurance*, enter the Medicare Paid amount as the sum of the actual Medicare paid amount and the Medicare deductible, if any.

Box M = 3

Enter 0.00 in this field to indicate that Medicare denied payment or did not cover the service.

If none of the above situations are applicable, leave this field blank.

Unlabeled (Field 24L)

This field must be completed when Box O in field 23B has an entry value of **2** or **3**.

- When Box O has an entry value of **2**, enter the other insurance payment in this field. If more than one insurance carrier contributes to payment of the claim, add the payment amounts and enter the total amount paid by all other insurance carriers in this field.
- When Box O has an entry value of **3**, enter the Patient Participation amount. If the patient is covered by other insurance and the insurance carrier(s) paid for the service, add the Other Insurance payment to the Patient Participation amount and enter the sum in this field.

HEARING AID/AUDIOLOGY SERVICES

If the other insurance carrier denied payment, enter 0.00 in field 24L. Proof of denial of payment must be maintained in the patient's billing record. Zeroes must also be entered in this field if any of the following situations apply:

- Prior to billing the insurance company, the provider knows that the service will not be covered because:
 - The provider has had a previous denial for payment for the service from the particular insurance policy. However, the provider should be aware that the service should be billed if the insurance policy changes. Proof of denials must be maintained in the patient's billing record. Prior claims denied due to deductibles not being met are not to be counted as denials for subsequent billings.
 - In very limited situations the Local Department of Social Services (LDSS) has advised the provider to zero-fill other insurance payment for same type of service. This communication should be documented in the patient's billing record.
- The provider bills the insurance company and receives a rejection because:
 - The service is not covered; or
 - The deductible has not been met.
- The provider cannot directly bill the insurance carrier and the policyholder is either unavailable to, or uncooperative in submitting claims to the insurance company. In these cases the LDSS must be notified prior to zero-filling. LDSS has subrogation rights enabling them to complete claim forms on behalf of uncooperative policyholders who do not pay the provider for the services. The LDSS office can direct the insurance company to pay the provider directly for the service whether or not the provider participates with the insurance plan. The provider should contact the third party worker in the local social services office whenever he/she encounters policyholders who are uncooperative in paying for covered services received by their dependents who are on Medicaid. In other cases the provider will be instructed to zero-fill the Other Insurance Payment in the Medicaid claim and the LDSS will retroactively pursue the third party resource.
- The patient or an absent parent collects the insurance benefits and fails to submit payment to the provider. The LDSS must be notified so that sanctions and/or legal action can be brought against the patient or absent parent.
- The provider is instructed to zero-fill by the LDSS for circumstances not listed above.

If none of the above situations are applicable, leave this field blank.

NOTES:

- *It is the responsibility of the provider to determine whether the patient's Other Insurance carrier covers the service being billed for, as Medicaid is always the payer of last resort.*
- *Leave the last row of Fields 24H, 24J, 24K, and 24L blank.*

Cycle Number: The cycle number should be used when calling the eMedNY Call Center with questions about specific processed claims or payments.

Remittance Number

3.5.2 Explanation of Claim Detail Columns

LN. NO. (Line Number)

This column indicates the line number of each claim as it appears on the claim form.

PROC (Procedure) Code

The five-digit procedure/item code that was entered in the claim form appears under this column.

Quantity

The quantity of each item dispensed as entered in the claim form appears under this column. The units are indicated with three (3) decimal positions. Since Hearing Aid/Audiology Service Providers must only report whole units of service, the decimal positions will always be 000. For example: 3 units will be indicated as 3.000.

Client ID Number

The patient's Medicaid ID number appears under this column.

Client Name

This column indicates the last name of the patient. If an invalid Medicaid Client ID was entered in the claim form, the ID will be listed as it was submitted but no name will appear in this column.

Office Account Number

If a Patient/Office Account Number was entered in the claim form, that number (up to 20 characters) will appear under this column.

Service Date

This column lists the service date as entered in the claim form.

TCN

The TCN is a unique identifier assigned to each claim that is processed. If multiple claim lines are submitted on the same claim form, all the lines are assigned the same TCN.

Amount Charged

This column lists either the amount the provider charged for the claim or the Medicare Approved amount if applicable.

Paid

If the claim was approved, the amount paid appears under this column. If the claim has a pend or deny status, the amount paid will be zero (0.00).

Status

This column indicates the status (DENY, PAID/ADJT/VOID, PEND) of the claim line.

Denied Claims

Claims for which payment is denied will be identified by the **DENY** status. A claim may be denied for the following general reasons:

- The service rendered is not covered by the New York State Medicaid Program.
- The claim is a duplicate of a prior paid claim.
- The required Prior Approval has not been obtained.
- Information entered in the claim form is invalid or logically inconsistent.

Approved Claims

Approved claims will be identified by the statuses **PAID**, **ADJT** (adjustment), or **VOID**.

Paid Claims

The status PAID refers to *original* claims that have been approved.

Adjustments

The status **ADJT** refers to a claim submitted in replacement of a paid claim with the purpose of changing one or more fields. An adjustment has two components: the credit transaction (previously paid claim), and the debit transaction (adjusted claim).

Voids

The status **VOID** refers to a claim submitted with the purpose of canceling a previously paid claim. A void lists the credit transaction (previously paid claim) only.

Pending Claims

Claims that require further review or recycling will be identified by the **PEND** status. The following are examples of circumstances that commonly cause claims to be pended:

- New York State Medical Review required.
- Procedure requires manual pricing.
- No match found in the Medicaid files for certain information submitted on the claim, for example: Patient ID, Prior Approval, Service Authorization. These claims are recycled for a period of time during which the Medicaid files may be updated to match the information on the claim.

After manual review is completed, a match is found in the Medicaid files or the recycling time expires, pended claims may be approved for payment or denied.

A new pend is signified by two asterisks (**). A previously pended claim is signified by one asterisk (*).

Errors

For claims with a DENY or PEND status, this column indicates the NYS Medicaid edit (error) numeric code(s) that caused the claim to deny or pend. Some edit codes may also be indicated for a PAID claim. These are approved edits, which identify certain errors found in the claim and that do not prevent the claim from being approved. Up to twenty-five (25) edit codes, including approved edits, may be listed for each claim. Edit code definitions will be listed on a separate page of the remittance advice, at the end of the claim detail section.

3.5.3 Subtotals/Totals/Grand Totals

Subtotals of dollar amounts and number of claims are provided as follows:

Subtotals by claim *status* appear at the end of the claim listing for each status. The subtotals are broken down by:

- Original claims
- Adjustments
- Voids
- Adjustments/voids combined

Subtotals by *provider type* are provided at the end of the claim detail listing. These subtotals are broken down by:

- Adjustments/voids (combined)
- Pends
- Paid
- Deny
- Net total paid (for the specific service classification)

Totals by *member ID* are provided next to the subtotals for provider type. For individual practitioners these totals are exactly the same as the subtotals by provider type. For practitioner groups, this subtotal category refers to the specific member of the group who provided the services. These subtotals are broken down by:

- Adjustments/voids (combined)
- Pends
- Paid
- Deny
- Net total paid (sum of approved adjustments/voids and paid original claims)

Grand Totals for the entire provider remittance advice appear on a separate page following the page containing the **totals by provider type and member ID**. The grand total is broken down by:

- Adjustments/voids (combined)
- Pends
- Paid
- Deny
- Net total paid (entire remittance)

3.6 Section Four – Financial Transactions and Accounts Receivable

This section has two subsections:

- Financial Transactions
- Accounts Receivable

3.6.1 Financial Transactions

The Financial Transactions subsection lists all the recoupments that were applied to the provider during the specific cycle. If there is no recoupment activity, this subsection is not produced.

3.6.1.1 Explanation of Financial Transactions Columns

FCN

The Financial Control Number (FCN) is a unique identifier assigned to each financial transaction.

Financial Reason Code

This code is for DOH/CSC use only; it has no relevance to providers. It identifies the reason for the recoupment.

Financial Transaction Type

This is the description of the Financial Reason Code. For example: Third Party Recovery.

Date

The date on which the recoupment was applied. Since all the recoupments listed on this page pertain to the current cycle, all the recoupments will have the same date.

Amount

The dollar amount corresponding to the particular fiscal transaction. This amount is deducted from the provider's total payment for the cycle.

3.6.1.2 Explanation of Totals Section

The total dollar amount of the financial transactions (*Net Financial Transaction Amount*) and the total number of transactions (*Number of Financial Transactions*) appear below the last line of the transaction detail list.

The Net Financial Transaction Amount added to the Claim Detail-Grand Total must equal the Medicaid Check or EFT amounts.

3.6.2 Accounts Receivable

This subsection displays the original amount of each of the outstanding Financial Transactions and their current balance after the cycle recoupments were applied. If there are no outstanding negative balances, this section is not produced.

Reason Code Description

This is the description of the Financial Reason Code. For example, Third Party Recovery.

Original Balance

The original amount (or starting balance) for any particular financial reason.

Current Balance

The current amount owed to Medicaid (after the cycle recoupments, if any, were applied). This balance may be equal to or less than the original balance.

Recoupment % Amount

The deduction (recoupment) scheduled for each cycle.

Total Amount Due the State

This amount is the sum of all the *Current Balances* listed above.

3.7 Section Five – Edit (Error) Description

The last section of the Remittance Advice features the description of each of the edit codes (including approved codes) failed by the claims listed in Section Three.
