Dear Private Duty Nursing Providers:

Effective October 1, 2020, New York State Medicaid will increase Private Duty Nursing (“PDN”) rates for Licensed Home Care Agencies (“LHCAs”) and Independent Registered Nurses (“RN”) and Licensed Practical Nurses (“LPN”) who enroll in the Medically Fragile Children’s Private Duty Nursing Provider Directory (“Directory”). The purpose of the Directory is to ensure adequate access to PDN services by promoting the availability and ensuring delivery of PDN services for medically fragile children up to the age of 23. The enhanced fee will be implemented over a period of 3 years.

Participation in the Directory indicates the willingness to accept inquiries to provide care to medically fragile children. Directory participants are expected to respond to all inquiries received. Only PDNs and LHCSAs enrolled in the directory will receive the enhanced rate of payment.

The Private Duty Nursing Provider Directory will be located on the Department of Health Website.
