1. Purpose Statement

The purpose of this document is to augment the General Billing Guidelines for professional claims with the NYS Medicaid specific requirements and expectations for Private Duty Nursing services.

For providers new to NYS Medicaid, it is required to read the General Professional Billing Guidelines available at www.emedny.org by clicking: General Professional Billing Guidelines.
2. Claims Submission

Nursing Services providers can submit their claims to NYS Medicaid in electronic or paper formats.

2.1 Electronic Claims

Nursing Services providers who choose to submit their Medicaid claims electronically are required to use the HIPAA 837 Professional (837P) transaction.

2.2 Paper Claims

Nursing Services providers who choose to submit their claims on paper forms must use the New York State eMedNY-150003 claim form.

To view a sample Nursing Services eMedNY - 150003 claim form, see Appendix A below. The displayed claim form is a sample and is for illustration purposes only.

2.3 Nursing Services Billing Instructions

This subsection of the Billing Guidelines covers the specific NYS Medicaid billing requirements for Nursing Services providers. Although the instructions that follow are based on the eMedNY-150003 paper claim form, they are also intended as a guideline for electronic billers to find out what information they need to provide in their claims. For further electronic claim submission information, refer to the eMedNY 5010 Companion Guide which is available at www.emedny.org by clicking: eMedNY Transaction Information Standard Companion Guide CAQH - CORE CG X12.

It is important that providers adhere to the instructions outlined below. Claims that do not conform to the eMedNY requirements as described throughout this document may be rejected, pended, or denied.

Service Provider Name (Field 22A)

837P Ref: Loop 2310B NM1

837P Ref: Loop 2400 SV101-3, 4, 5, 6, and 7

Under certain circumstances, the procedure code must be expanded by a two-digit modifier to further explain or define the nature of the procedure. If the Procedure Code requires the addition of modifiers, enter one or more (up to four) modifiers in these fields.

Enter modifier “TT” to indicate individualized service provided to more than one patient in the same setting.

Only enter modifier “U1” to indicate the Care at Home Waiver Program when resubmitting or adjusting claims for a date of service when no prior approval was required. When a Prior Approval Number is entered in Field 23A, Modifier “U1” should not be entered on the claim.

Special Instructions for Claiming Medicare Deductible

When billing for the Medicare deductible, modifier “U2” must be used in conjunction with the Procedure Code for which the deductible is applicable. Do not enter the “U2” modifier if billing for Medicare coinsurance.

One hour of nursing service equals one unit. Partial hours (30 minutes or more) should be rounded up to one hour.

The total number of hours of service provided to the patient during the same day by the same nurse should be entered in one line only even if the service was provided in separate shifts.

Private Duty Nursing (PDN) providers who enroll in the Training and Experience component of the Medically Fragile Children and Adult (MFCA) Program will receive an enhanced fee of thirty percent (30%) added to the approved hourly fee at the time of claims processing. In order to be eligible to receive this add-on payment, the PDN provider must certify that they have the training and experience to care for medically fragile children and adults in the community setting. To accomplish this, fill out the appropriate enrollment form. The enrollment forms can be found on emedny.org and at the following links:

- Independent RN/LPN MFCA Enrollment Form
- Nurse Registry (Agency) MFCA Enrollment Form

Upon receipt of your satisfactorily completed enrollment form, a new Specialty Code 579 will be added to your enrollment file to enable you to receive the Medically Fragile Children and Adult training and Experience fee enhancement at the time of claims processing.

Billing Instructions for the 30% add-on payment

In order to be reimbursed the 30% add-on amount, enter a Service Authorization (SA) Exception Code of “7” in this field; otherwise leave this field blank.

PDN Providers may also choose to enroll in the MFCA PDN Provider Directory. Providers who successfully enroll in the MFCA Directory will receive an enhanced fee of forty-five percent (45%) added at the time of claims processing. No Service Authorization (SA) Exception Code is required for the Directory enhancement.
3. Remittance Advice

The Remittance Advice is an electronic, PDF or paper statement issued by eMedNY that contains the status of claim transactions processed by eMedNY during a specific reporting period. Statements contain the following information:

- Subtotals and grand totals of claims and dollar amounts
- Other pertinent financial information such as recoupment, negative balances, etc.

The General Remittance Advice Guidelines contains information on selecting a remittance advice format, remittance sort options, and descriptions of the paper Remittance Advice layout. This document is available at www.emedny.org by clicking: General Remittance Billing Guidelines.
