Medicaid Fee- for- Service Providers Dispense Brand Name Drug when Less Expensive than Generic Program

## Effective immediately Ortho Evra will be removed from the program due to availability issues.

NEW YORK state department of HEALTH

**Effective December 31, 2014,** the following changes will be made to the Dispense Brand Name Drug when Less Expensive than Generic Program:

- Intuniv, Mycobutin and Protopic will be added to the Program.
- Felbatol will be removed from the Program.

In conformance with State Education Law which intends that patients receive the lower cost alternative, brand name drugs included in this program:

- Do not require 'Dispense as Written' (DAW) or 'Brand Medically Necessary' on the prescription.
- Have a generic copayment.
- Are paid at the Brand Name Drug reimbursement rate or usual and customary price, whichever is lower (SMAC/FUL are not applied).
- Do not require a new prescription if the drug is removed from this program.

## **IMPORTANT BILLING INFORMATION**

Prescription claims submitted to the Medicaid program **do not require** the submission of Dispense as Written/Product Selection Code of '1'; **Pharmacies can submit any valid NCPDP field (408-D8) value.**
