1. Purpose Statement

The purpose of this document is to augment the General Billing Guidelines for professional claims with the NYS Medicaid specific requirements and expectations for Physician services.

For providers new to NYS Medicaid, it is required to read the General Professional Billing Guidelines available at www.emedny.org by clicking: General Professional Billing Guidelines.
2. Claims Submission

Physicians can submit their claims to NYS Medicaid in electronic or paper formats.

2.1 Electronic Claims

Physicians who choose to submit their Medicaid claims electronically are required to use the HIPAA 837 Professional (837P) transaction.

2.2 Paper Claims

Physicians who choose to submit their claims on paper forms must use the New York State eMedNY-150003 claim form.

To view a sample eMedNY - 150003 claim form, see Appendix A below. The displayed claim form is a sample and is for illustration purposes only.

2.3 Physician Services Billing Instructions

This subsection of the Billing Guidelines covers the specific NYS Medicaid billing requirements for Physicians. Although the instructions that follow are based on the eMedNY - 150003 paper claim form, they are also intended as a guideline for electronic billers to find out what information they need to provide in their claims. For further electronic claim submission information, refer to the eMedNY 5010 Companion Guide which is available at www.emedny.org by clicking: eMedNY Transaction Information Standard Companion Guide.

It is important that providers adhere to the instructions outlined below. Claims that do not conform to the eMedNY requirements as described throughout this document may be rejected, pended, or denied.
