## Additional MCE 834 Sample Files for MECM Origin Code Testing

An updated version of the [MCE 834 Sample Files](#) is now available on the eMedNYHIPAASupport page for Managed Care Plans review and internal testing/validation. This update includes the addition of a new code value 'M' within an existing Loop 2750 Reporting Category Origin Code. Currently, the only Origin Codes valued are 'D' (Downstate) and 'U' (Upstate). Effective September 25, 2025, a new Origin Code value 'M' will be added to identify Medicaid Eligibility and Client Management (MECM).

### [MCE 834 Companion Guide](#)

Updated instructions for this project were shared in the most recent version of the [MCE 834 Companion Guide](#), published on July 28, 2025. Managed Care Plans are encouraged to review the updated guidance, as well as these additional sample files, and continue preparing for upcoming changes outlined within these supporting documents. We request that internal validation be performed using the latest MCE 834 Sample Files, and any feedback be submitted on or before September 19, 2025.
