

## PHYSICIAN

New: New York State Medicaid Primary Care and Patient Centered Medical Home LISTSERV

# New: New York State Medicaid Primary Care and Patient Centered Medical Home LISTSERV

**Attention Primary Care Physicians:** A New York State Medicaid Primary Care and Patient Centered Medical Home LISTSERV is now available.

### What Is it?

The Office of Health Insurance Programs recently launched a new LISTSERV to share information about New York State Medicaid primary care and the Patient Centered Medical Home program. It enables subscribers to instantly receive:

- Announcements about upcoming webinars and Medicaid primary care related information
- New York State Patient Centered Medical Home Program updates
- Notice of fee schedule updates
- Billing related notifications

The LISTSERV is a supplement to the [Medicaid Update newsletter](#) and the [Patient Centered Medical Home Billing Manual](#).

Communications will be archived on the eMedNY website.

### Spread the Word and Subscribe

We encourage staff to promote the listserv with internal and external partners and subscribe if interested. We aim to reach primary care clinicians, administrators, billers, and partners who may benefit from this resource.

To subscribe, visit [LISTSERV](#) and select "Primary Care" under the Overview Category.

### Learn More

For questions or additional information, please contact [pcmh@health.ny.gov](mailto:pcmh@health.ny.gov).

If you are having problems viewing content within this newsletter, please email [emednyalert@gdit.com](mailto:emednyalert@gdit.com) for further assistance
