90 Day Discretionary Enforcement Period Ends March 31, 2012

The federal government 90-day discretionary enforcement period for Version 5010 and NCPDP D.0 will expire on March 31, 2012.

In keeping with that federal guideline, we expect all our trading partners to complete their 5010 transition by that date. As of April 1, 2012 Medicaid will no longer be able to accept HIPAA Version 4010 and NCPDP Version 5.1 transactions.
