ePACES Eligibility Screens will have some added features beginning tomorrow June 20, 2013

Beginning tomorrow **June 20, 2013**, providers who use ePACES to perform eligibility verification will see some new information.

For eligibility requests ePACES will show an expanded list of Service Types that a provider may choose from to perform an explicit service type request or continue to use Service Type/Code 30 to request all coverage types. The Quick Reference document for eligibility request via ePACES can be viewed [here](#).

For eligibility responses the list of potentially covered service types will be expanded and Medicaid's standard Copay information will be returned. The Quick Reference documents for eligibility responses from ePACES can be viewed [here](#).

Questions should be directed to the eMedNY Call Center at 800-343-9000.
