Enrolling in the Web Portal

To Enroll

There will be a new link on emedny.org on the right hand side to log into the Web Portal. This link will also allow a user to enroll into the Web Portal. When you click on the link, this is what the screen looks like:

To begin the enrollment process, on the right hand side under ‘Don’t Have a User Id?’ click on the Register with us link. When clicked, the Provider Information screen will appear.

Provider Information

Enter the NPI. If you do not have a NPI, put a check mark in the box that says ‘I do not have NPI’. This will cause the MMIS ID field to appear and the MMIS ID can be entered. ONLY do this if you are an atypical provider that is not required to have a NPI.

Enter the provider’s correspondence address and complete the CAPTCHA. Then, click on ‘Next Step’. If you entered incorrect information and want to start over, click on ‘Clear’. This clears all information written in the fields.
