### **Section I – Purpose Statement**

The purpose of this document is to assist the provider community in understanding and complying with the New York State Medicaid (NYS Medicaid) requirements and expectations for:

- Billing and submitting claims.
- Interpreting and using the information returned in the Medicaid Remittance Advice.

This document is customized for Durable Medical Equipment (DME) providers and should be used by the provider as an instructional as well as a reference tool.

#### Section II - Claims Submission

DME providers can submit their claims to NYS Medicaid in electronic or paper formats.

#### **Electronic Claims**

Pursuant to the Health Insurance Portability and Accountability Act (HIPAA), Public Law 104-191, which was signed into law August 12, 1996, the NYS Medicaid Program adopted the HIPAA-compliant transactions as the sole acceptable format for electronic claim submission, effective November 2003.

DME providers who choose to submit their Medicaid claims electronically are required to use the HIPAA 837 Professional (837P) transaction. In addition to this document, direct billers may also refer to the sources listed below to comply with the NYS Medicaid requirements.

- HIPAA 837P Implementation Guide (IG) explains the proper use of the 837P standards and program specifications. This document is available at <a href="https://www.wpc-edi.com/hipaa">www.wpc-edi.com/hipaa</a>.
- NYS Medicaid 837P Companion Guide (CG) is a subset of the IG which provides specific instructions on the NYS Medicaid requirements for the 837P transaction.
- NYS Medicaid Technical Supplementary Companion Guide provides technical information needed to successfully transmit and receive electronic data. Some of the topics put forth in this CG are testing requirements, error report information, and communication specifications.

These documents are available at www.emedny.org by clicking on the link to the web page below:

#### **Pre-requirements for the Submission of Electronic Claims**

Before being able to start submitting electronic claims to NYS Medicaid, providers need the following:

- An Electronic/Paper Transmitter Identification Number (ETIN)
- A Certification Statement
- A User ID and password
- A Trading Partner Agreement
- Testing

#### **ETIN**

This is a submitter identifier issued by the eMedNY Contractor that must be used in every electronic submission to NYS Medicaid. ETINs may be issued to an individual provider or provider group (if they are direct billers) and to service bureaus or clearinghouses.

ETIN applications are available at www.emedny.org by clicking on the link to the web page below:

#### **Provider Enrollment Forms**

#### **Certification Statement**

All providers, either direct billers or those who bill through a service bureau or clearinghouse, must file a notarized Certification Statement with NYS Medicaid for each ETIN used for the electronic billing.

The Certification Statement is good for one year, after which it needs to be renewed for electronic billing continuity under a specific ETIN. Failure to renew the Certification Statement for a specific ETIN will result in claim rejection.

The Certification Statement is available on the third page of the ETIN application at www.emedny.org or can be accessed by clicking on the link above.

#### **User ID and Password**

Electronic submitters need a user ID and password to access the NYS Medicaid eMedNY system through one of the communication methods available. The user ID and password are issued to the submitter at the time of enrollment in one of the communication methods. The method used to apply for a User ID varies depending on the communication method chosen by the provider. For example: An ePACES User ID is assigned systematically via email while an FTP User ID is assigned after the submission of a Security Packet B.

#### **Trading Partner Agreement**

This document addresses certain requirements applicable to the electronic exchange of information and data associated with health care transactions.

The NYS Medicaid Trading Partner Agreement is available at www.emedny.org by clicking on the link to the web page below:

#### **Provider Enrollment Forms**

#### **Testing**

Direct billers (either individual providers or service bureaus/clearinghouses that bill for multiple providers) are encouraged to submit production tests to CSC before they start submitting Medicaid claims for the first time after enrollment or any time they update their systems or start using a new system. This testing will assist providers in identifying errors in their system and allow for corrections before they submit actual claims. Information and instructions regarding testing are available at www.emedny.org by clicking on the link to the web page below:

#### **Provider Enrollment Forms**

#### **Communication Methods**

The following communication methods are available for submission of electronic claims to NYS Medicaid:

- ePACES
- eMedNY eXchange
- FTP
- CPU to CPU
- eMedNY Gateway

#### **ePACES**

NYS Medicaid provides a HIPAA-compliant web-based application that is customized for specific transactions, including the 837I. ePACES, which is provided free of charge, is ideal for providers with small-to-medium claim volume.

The requirements for using ePACES include:

- An ETIN and Certification Statement should be obtained prior to enrollment
- Internet Explorer 4.01 and above or Netscape 4.7 and above
- Internet browser that supports 128-bit encryption and cookies
- Minimum connection speed of 56K
- An accessible email address

The following transactions can be submitted via ePACES:

- 270/271 Eligibility Benefit Inquiry and Response
- 276/277 Claim Status Request and Response
- 278 Prior Approval/Prior Authorization/Service Authorization Request and Response
- 837 Dental, Professional, and Institutional Claims

ePACES also features the **real time claim submission** functionality under the 837 Professional transaction, which allows immediate adjudication of the claim. When this functionality is used, a claim adjudication status response is sent to the submitter shortly after submission.

To take advantage of ePACES, providers need to follow an enrollment process. Additional enrollment information is available at www.emedny.org by clicking on the link to the web page below:

**Self Help** 

#### eMedNY eXchange

The eMedNY eXchange works like email; users are assigned an inbox and they are able to send and receive transaction files in an email-like fashion. Transaction files are attached and sent to eMedNY for processing and the responses are delivered to the user's inbox so they can be detached and saved on the user's computer. For security reasons, the eMedNY eXchange is accessible only through the eMedNY website <a href="https://www.emedny.org">www.emedny.org</a>.

The eMedNY eXchange only accepts HIPAA-compliant transactions.

Access to the eMedNY eXchange is obtained through an enrollment process. To enroll in eXchange, you must first complete enrollment in ePACES and at least one login attempt must be successful.

#### **FTP**

File Transfer Protocol (FTP) is the standard process for batch authorization transmissions. FTP allows users to transfer files from their computer to another computer. FTP is strictly a dial-up connection.

FTP access is obtained through an enrollment process. To obtain a user name and password, you must complete and return a Security Packet B. The Security Packet B is available at www.emedny.org by clicking on the link to the web page below:

#### **Provider Enrollment Forms**

#### **CPU to CPU**

This method consists of a direct connection established between the submitter and the processor and it is most suitable for high volume submitters. For additional information regarding this access method, please contact the eMedNY Call Center at 800-343-9000.

#### **eMedNY Gateway**

This is a dial-up access method. It requires the use of the User ID assigned at the time of enrollment and a password. eMedNY Gateway access is obtained through an enrollment process. To obtain a user name and password you must complete and return a Security Packet B. The Security Packet B is available at www.emedny.org by clicking on the link to the web page below:

#### **Provider Enrollment Forms**

Note: For questions regarding ePACES, eXchange, FTP, CPU to CPU or eMedNY Gateway connections, call the eMedNY Call Center at 800-343-9000.

#### **Paper Claims**

DME providers who choose to submit their claims on paper forms must use the New York State eMedNY-150001 claim form. To view the eMedNY-150001 claim form please click on the link provided below. The displayed claim form is a sample and the information it contains is for illustration purposes only.

#### **DME - Sample Claim**

#### **General Instructions for Completing Paper Claims**

Since the information entered on the claim form is captured via an automated data collection process (imaging), it is imperative that it be legible and placed appropriately in the required fields. The following guidelines will help ensure the accuracy of the imaging output.

- All information should be typed or printed.
- Alpha characters (letters) should be capitalized.
- Numbers should be written as close to the example below as possible:

1 2 3 4 5 6 7 8 9 0

- Circles (the letter O, the number 0) must be closed.
- Avoid unfinished characters. For example:

Written As	Intended As	Interpreted As
6. 0	6.00	$\begin{bmatrix} 6. & 6 & 0 \end{bmatrix}$ $\longrightarrow$ Zero interpreted as six

 When typing or printing, stay within the box provided; ensure that no characters (letters or numbers) touch the claim form lines. For example:

	Interpreted As	Intended As	Written As
Two interpreted as seven	$7 \longrightarrow$	2	2
Three interpreted as two	$ \boxed{2} \rightarrow $	3	3

• Characters should not touch each other. Example:

Written As	Intended As	Interpreted As	
2	23	illegible →	Entry cannot be interpreted properly

- Do not write between lines.
- Do not use arrows or quotation marks to duplicate information.
- Do not use the dollar sign (\$) to indicate dollar amounts; do not use commas to separate thousands. For example, three thousand should be entered as 3000, not as 3,000.
- For writing, it is best to use a felt tip pen with a fine point. Avoid ballpoint pens that skip; do not use pencils, highlighters, or markers. Only blue or black ink is acceptable.
- If filling in information through a computer, ensure that all information is aligned properly, and that the printer ink is dark enough to provide clear legibility.
- Do not submit claim forms with corrections, such as information written over correction fluid or crossed out information. If mistakes are made, a new form should be used.
- Separate forms using perforations; do not cut the edges.
- Do not fold the claim forms.
- Do not use adhesive labels (for example for address); do not place stickers on the form.
- Do not write or use staples on the bar-code area.

The address for submitting claim forms is:

P.O. Box 4601
Rensselaer, NY 12144-4601

#### General Information About the eMedNY-150001

Shaded fields are not required to be completed **unless noted otherwise**. Therefore, shaded fields that are not required to be completed in any circumstance are not listed in the instructions that follow.

Most claim form fields have been sized to contain the exact number of characters for the required information. However, some fields have been sized to accommodate potential future changes. For example, the Provider ID number has more spaces than the current number of characters for the required information. In this case, the entry must be **right justified (unless otherwise noted in the field instructions)**, that is, the extra spaces must be left blank at the left side of the box. For example, Provider ID number 02345678 should be entered as follows:

0 2 3 4 5 6 7 8
-----------------

#### **Billing Instructions for DME Services**

This subsection of the Billing Guidelines covers the specific NYS Medicaid billing requirements for DME providers. Although the instructions that follow are based on the eMedNY-150001 paper claim form, they are also intended as a guideline for electronic billers who should refer to these instructions for finding out what information they need to provide in their claims, what codes they need to use, etc.

It is important that providers adhere to the instructions outlined below. Claims that do not conform to the eMedNY requirements as described throughout this document may be rejected, pended, or denied.

#### Field by Field Instructions for Claim Form eMedNY-150001

Header Section: Fields 1 through 23B

The information entered in the Header Section of the claim form (fields 1 through 23B) must apply to all claim lines entered in the Encounter Section of the form.

The following two fields (unnumbered) should only be used to adjust or void a paid claim. Do not write in these fields when preparing an original claim form.

#### ADJUSTMENT/VOID CODE (Upper Right Corner of Form)

Leave this field blank when submitting an original claim or resubmission of a denied claim.

- If submitting an **adjustment** (replacement) to a previously paid claim, enter 'X' or the value **7** in the 'A' box.
- If submitting a **void** to a previously paid claim, enter 'X' or the value **8** in the 'V' box.

#### ORIGINAL CLAIM REFERENCE NUMBER (Upper Right Corner Of The Form)

Leave this field blank when submitting an original claim or resubmission of a denied claim.

If submitting an adjustment or a void, enter the appropriate **Transaction Control Number (TCN)** in this field. A TCN is a 16-digit identifier that is assigned to each claim document or electronic record regardless of the number of individual claim lines (service date/procedure combinations) submitted in the document or record. For example, a document/record containing a single service date/procedure combination will be assigned a unique, single TCN; a document/record containing five service date/procedure combinations will be assigned a unique, single TCN, which will be shared by all the individual claim lines submitted under that document/record.

#### Adjustment

An adjustment may be submitted to accomplish any of the following purposes:

- To change information contained in one or more claims submitted on a previously paid TCN
- To cancel one or more claim lines submitted on a previously paid TCN (except if the TCN contained one single claim line or if all the claim lines contained in the TCN are to be voided)

#### Adjustment to Change Information

If an adjustment is submitted to correct information on one or more claim lines sharing the same TCN, follow the instructions below:

- The Provider ID number, the Group ID number, and the Patient's Medicaid ID number must not be adjusted.
- The adjustment must be submitted in a new claim form (copy of the original form is unacceptable).
- The adjustment must contain all claim lines originally submitted in the same document/record (all claim lines with the same TCN) and all applicable fields must be completed with the necessary changes.

The adjustment will cause the correction of the adjusted information in the TCN history records as well as the cancellation of the original TCN payment and the re-pricing of the TCN based on the adjusted information.

#### Example:

TCN 0709819876543200 is shared by two individual claim lines. This TCN was paid on April 18, 2007. After receiving payment, the provider determines that the item code of one of the claim line records is incorrect. An adjustment must be submitted to correct the records. Refer to Figures 1A and 1B for an illustration of this example.

# Adjustment to Cancel One or More Claims Originally Submitted on the Same Document/Record (TCN)

An adjustment should be submitted to cancel or void one or more individual claim lines that were originally submitted on the same document/record and share the same TCN. The following instructions must be followed:

- The adjustment must be submitted in a new claim form (copy of the original form is unacceptable).
- The adjustment must contain all claim lines submitted in the original document (all claim lines with the same TCN) except for the claim(s) line(s) to be voided; these claim lines must be omitted in the adjustment. All applicable fields must be completed.

The adjustment will cause the cancellation of the omitted individual claim lines from the TCN history records as well as the cancellation of the original TCN payment and the repricing of the new TCN (Adjustment) based on the adjusted information.

#### Example:

TCN 0709818765432100 contained three individual claim lines, which were paid on April 18, 2007. Later it was determined that one of the claims was incorrectly billed since the service was never rendered. The claim line for that service must be cancelled to reimburse Medicaid for the overpayment. An adjustment should be submitted. Refer to Figures 2A and 2B for an illustration of this example.

#### Void

A void is submitted to nullify **all** individual claim lines originally submitted on the same document/record and sharing the same TCN.

When submitting a void, please follow the instructions below:

- The void must be submitted on a new claim form (copy of the original form is unacceptable).
- The void must contain all the claim lines to be cancelled and all applicable fields must be completed.

Voids cause the cancellation of the original TCN history records and payment.

#### Example:

TCN 0709811234567800 contained two claim lines, which were paid on April 18, 2007. Later, the provider became aware that the patient had another insurance coverage. The other insurance was billed and paid in full for all the services. Medicaid must be reimbursed by submitting a void for the two claim lines paid in the specific TCN. Refer to Figures 3A and 3B for an illustration of this example.

Fields 1, 2, 5A, and 6A require information obtained from the Client's (Patient's) Common Benefit Identification Card.

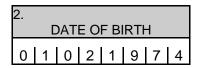

#### PATIENT'S NAME (Field 1)

Enter the patient's first name, followed by the last name.

#### **DATE OF BIRTH (Field 2)**

Enter the patient's birth date. The birth date must be in the format MMDDYYYY.

**Example:** Mary Brandon was born on 01/02/1974.

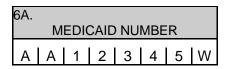

#### **PATIENT'S SEX (Field 5A)**

Place an 'X' in the appropriate box to indicate the patient's sex.

#### MEDICAID NUMBER (Field 6A)

Enter the patient's ID number (Client ID number). Medicaid Client ID numbers are assigned by NYS Medicaid and are composed of eight characters in the format AANNNNA, where A = alpha character and N = numeric character.

Example:

#### **WAS CONDITION RELATED TO (Field 10)**

If applicable, place an 'X' in the appropriate box to indicate whether the service rendered to the patient was for a condition resulting from an accident or a crime; if so, that information should appear on the Order Form. Use the boxes as follows:

#### • Patient's Employment

Use this box to indicate Worker's Compensation. Leave this box blank if condition is related to patient's employment, but not to Worker's Compensation.

#### Crime Victim

Use this box to indicate that the condition treated was the result of an assault or crime.

#### Auto Accident

Use this box to indicate Automobile No-Fault. Leave this box blank if condition is related to an auto accident other than no-fault or if no-fault benefits are exhausted.

#### Other Liability

Use this box to indicate that the condition was an accident-related injury of a different nature from those indicated above.

If the condition being treated is not related to any of these situations, leave these boxes blank.

#### **EMERGENCY RELATED (Field 16A)**

Enter an 'X' in the Yes box **only** when the service is related to an emergency (the patient requires immediate intervention as a result of severe, life threatening or potentially disabling condition). Only a qualified ordering practitioner may determine, using his or her professional judgment, whether a situation constitutes an emergency. The ordering practitioner **must** provide documentation of the specific need for emergency to the supplier and such documentation must be maintained in the patient's records of both the ordering practitioner and the DME provider, along with the fiscal order.

If the service is not related to an emergency condition, leave this field blank.

#### NAME OF REFERRING PHYSICIAN OR OTHER SOURCE (Field 19)

Enter the ordering provider's name in this field.

#### ADDRESS [or Signature - SHF Only] (Field 19A)

If the ordering provider and the DME, supplies and appliances dispenser are part of the same Shared Health Care Facility, the ordering provider must obtain the ordering provider's signature in this field.

#### PROF CD [Profession Code - Ordering /Referring Provider] (Field 19B)

If a license number is indicated in Field 19C, the Profession Code that identifies the ordering/referring provider's profession must be entered in this field. Profession Codes are available at www.emedny.org by clicking on the link to the web page below:

**eMedNY Crosswalks** 

#### IDENTIFICATION NUMBER [Ordering/Referring Provider] (Field 19C)

Enter the ordering provider's Medicaid ID number in this field. If the ordering provider is not enrolled in Medicaid, enter his/her license number. If a license number is used, it must be preceded by two zeroes (00) if it is a NY State license or by the standard Post Office abbreviation of the state of origin if it is an out-of-state license. Please refer to Appendix A – Code Sets for the Post Office state abbreviations.

When a prescription or order originates from a hospital or clinic, and is written by an intern or resident, the supervising physician's Medicaid ID number should be entered. If the supervising physician is not enrolled in the Medicaid program, his or her state license number may be used instead. When the order is originated in an Article 28 facility and these numbers are unavailable, it is permissible to use the facility's Medicaid ID number.

#### **Restricted Recipient**

When providing services to a patient who is restricted to a primary provider (physician, clinic, dentist, etc.) and the primary provider orders the medical/surgical supplies, durable medical equipment, etc., enter this provider's Medicaid Provider ID number in this field. **Do not enter the license number of the primary provider.** 

If the restricted recipient was referred by his/her primary provider to another provider who orders services, the ordering provider's Medicaid ID number must be entered in this field. If the ordering provider is not an enrolled Medicaid provider, enter his/her license number. The patient's primary provider's Medicaid ID number must be entered in field 33.

#### PAYMENT SOURCE CODE [Box M and Box O] (Field 23B)

This field has two components: Box M and Box O. Both boxes need to be filled as follows:

#### Box M

The values entered in this box define the nature of the amounts entered in fields 24J and 24K. Box M is used to indicate whether the patient is covered by Medicare and whether Medicare approved or denied payment. Enter the appropriate numeric indicator from the following list.

- No Medicare involvement Source Code Indicator = 1
   This code indicates that the patient does not have Medicare coverage.
- Patient has Medicare Part B; Medicare paid for the service Source Code Indicator = 2

This code indicates that the service is covered by Medicare and that Medicare approved the service and made a payment. Medicaid is responsible for reimbursing the Medicare deductible and/or (full or partial) coinsurance.

Patient has Medicare Part B; Medicare denied payment – Source Code Indicator
 3

This code indicates that Medicare denied payment or did not cover the service billed.

#### Box O

Box O is used to indicate whether the patient has insurance coverage other than Medicare or Medicaid or whether the patient is responsible for a pre-determined amount of his/her medical expenses. The values entered in this box define the nature of the amount entered in field 24L. Enter the appropriate indicator from the following list.

- No Other Insurance involvement Source Code Indicator = 1
  This code indicates that the patient does not have other insurance coverage.
- Patient has Other Insurance coverage Source Code Indicator = 2
  This code indicates that the patient has other insurance regardless of the fact that
  the insurance carrier(s) paid or denied payment or that the service was covered or
  not by the other insurance. When the value 2 is entered in Box O, the twocharacter code that identifies the other insurance carrier must be entered in the
  space following Box O. If more than one insurance carrier is involved, enter the
  code of the insurance carrier who paid the largest amount. Refer to Information for
  All Providers, Third Party Information on this web page, for the appropriate other
  insurance codes.
- Patient Participation Source Code Indicator = 3
   This code indicates that the patient has incurred a pre-determined amount of medical expenses, which qualify him/her to become eligible for Medicaid.
- Copay Exception Code

If the patient is exempt from copay, enter the value Z9 in the two spaces next to Box O. For information on copay exemptions refer to the Policy Guidelines section available at www.emedny.org by clicking on the link to the web page below:

The claim form can accommodate up to seven encounters with a single patient, plus a block of encounters in a hospital setting, if all the information in the Header Section of the claim (Fields 1–23B) applies to all the encounters.

#### **DATE OF SERVICE (Field 24A)**

Enter the date on which the item was supplied in the format MM/DD/YY.

**Example:** July 1, 2007 = 07/01/07

#### Notes:

- A service date must be entered for each Procedure Code listed.
- For Materials and Appliances, enter the date they are dispensed or delivered.
- When billing for a custom-made item of equipment, prosthetic or orthotic appliance subsequent to a patient's loss of eligibility under the circumstances outlined in the Policy Guidelines of this manual, the Date of Service should be the date the physician's order was received and the patient's Medicaid eligibility was verified.

#### PLACE [of Service] (Field 24B)

This two-digit code indicates the type of location from where the item was dispensed. Please note that the Place of Service Code is different from the Locator Code. Select the appropriate codes from Appendix A-Code Sets.

Note: If Code 99 (Other Unlisted Facility) is entered in this field for any claim line, the exact address where the item was dispensed must be entered in Fields 21 and 21A.

#### PROCEDURE CODE (Field 24C)

Enter the appropriate five-character Item Code that identifies the item supplied to the patient.

Note: Item codes, definitions, prior approval requirements (if applicable), fees, etc. are available at www.emedny.org by clicking on the link below under Procedure Codes and Fee Schedule:

**DME Manual** 

#### MOD [Modifier] (Fields 24D, 24E, 24F, and 24G)

Under certain circumstances, the procedure code must be expanded by a twodigit modifier to further explain or define the nature of the procedure. If the Procedure Code requires the addition of modifiers, enter one or more (up to four) modifiers in these fields.

Note: Modifier values and their definitions are available at www.emedny.org by clicking on the link below under Procedure Codes and Fee Schedule:

#### **DME Manual**

#### **Special Instructions for Claiming Medicare Deductible**

When billing for the Medicare **deductible**, modifier "**U2**" must be used in conjunction with the Procedure Code for which the deductible is applicable. **Do not enter** the "**U2**" modifier if billing for Medicare coinsurance.

#### **DIAGNOSIS CODE (Field 24H)**

Using the International Classification of Diseases, Ninth Edition, Clinical Modification (ICD-9-CM) coding system, enter the appropriate code which describes the main condition or symptom of the patient. The ICD-9-CM code must be entered exactly as it is listed in the manual in the correct spaces of this field and in relation to the decimal point.

Note: A three-digit Diagnosis Code (no entry following the decimal point) will only be accepted when the Diagnosis Code has no subcategories. Diagnosis Codes with subcategories MUST be entered with the subcategories indicated after the decimal point.

The following is an example of an ICD-9-CM Diagnosis Code properly entered in Field 24H:

Example:

24H. DIAGNOSIS CODE					
8	9	7 .0			

#### **DAYS OR UNITS (Field 24I)**

Enter the quantity of each item dispensed. If only one unit of any item has been dispensed, this field may be left blank.

The entries in Fields 24J, 24K, and 24L are determined by the entries in Field 23B, Payment Source Code.

#### **CHARGES (Field 24J)**

This field must contain **either** the Amount Charged **or** the Medicare Approved Amount.

#### **Amount Charged**

When Box M in field 23B has an entry value of 1 or 3, enter the amount charged in this field. The Amount Charged may not exceed the provider's customary charge for the procedure.

#### **Medicare Approved Amount**

When Box M in field 23B has an entry value of **2**, enter the Medicare Approved Amount in field 24J. The Medicare Approved amount is determined as follows:

- If billing for the Medicare deductible, the Medicare Approved amount should equal
  the Deductible amount claimed, which must not exceed the established amount for
  the year in which the service was rendered.
- If billing for the Medicare **coinsurance**, the Medicare Approved amount should equal the sum of: the amount paid by Medicare plus the Medicare co-insurance amount plus the Medicare deductible amount, if any.

#### Notes:

- Field 24J must never be left blank or contain 0.00.
- It is the responsibility of the provider to determine whether Medicare covers the item or service being billed. If the service or item is covered or if the provider does not know if the service or item is covered, the provider must first submit a claim to Medicare, as Medicaid is always the payer of last resort.

#### **UNLABELED (Field 24K)**

This field is used to indicate the Medicare Paid Amount and must be completed if Box M in field 23B has an entry value of **2** or **3**.

#### The value in Box M is 2

- When billing for the Medicare deductible, enter 0.00 in this field.
- When billing for the Medicare **coinsurance**, enter the Medicare Paid amount as the sum of the actual Medicare paid amount and the Medicare deductible, if any.

#### The value in Box M is 3

• When Box M in field 23B contains the value **3**, enter \$0.00 in this field to indicate that Medicare denied payment or did not cover the service.

If none of the above situations are applicable, leave this field blank.

#### **UNLABELED (Field 24L)**

This field must be completed when Box O in field 23B has an entry value of 2 or 3.

- When Box O has an entry value of 2, enter the other insurance payment in this
  field. If more than one insurance carrier contributes to payment of the claim, add
  the payment amounts and enter the total amount paid by all other insurance payers
  in this field.
- When Box O has an entry value of 3, enter the Patient Participation amount. If the
  patient is covered by other insurance and the insurance carrier(s) paid for the
  service, add the Other Insurance payment to the Patient Participation amount and
  enter the sum in this field.

If none of the above situations are applicable, leave this field blank.

Note: It is the responsibility of the provider to determine whether the patient's other insurance carrier covers the service or item being billed, as Medicaid is always the payer of last resort.

If the other insurance carrier denied payment enter 0.00 in field 24L. Proof of denial of payment must be maintained in the patient's billing record. Zeroes must also be entered in this field if any of the following situations apply:

- Prior to billing the insurance company, the provider knows that the service will not be covered because:
  - ► The provider has had a previous denial for payment for the service from the particular insurance policy. However, the provider should be aware that the service should be billed if the insurance policy changes. Proof of denials must be maintained in the patient's billing record. Prior claims denied due to deductibles not being met are not to be counted as denials for subsequent billings.
  - In very limited situations the Local Department of Social Services (LDSS) has advised the provider to zero-fill other insurance payment for same type of service. This communication should be documented in the patient's billing record.

- The provider bills the insurance company and receives a rejection because:
  - ► The service is not covered; or
  - ► The deductible has not been met.
- The provider cannot directly bill the insurance carrier and the policyholder is either unavailable to, or uncooperative in submitting claims to the insurance company. In these cases the LDSS must be notified prior to zero-filling. LDSS has subrogation rights enabling them to complete claim forms on behalf of uncooperative policyholders who do not pay the provider for the services. The LDSS office can direct the insurance company to pay the provider directly for the service whether or not the provider participates with the insurance plan. The provider should contact the third party worker in the local social services office whenever he/she encounters policyholders who are uncooperative in paying for covered services received by their dependents who are on Medicaid. In other cases the provider will be instructed to zero-fill the other insurance Payment in the Medicaid claim and the LDSS will retroactively pursue the third party resource.
- The patient or an absent parent collects the insurance benefits and fails to submit payment to the provider. The LDSS must be notified so that sanctions and/or legal action can be brought against the patient or absent parent.
- The provider is instructed to zero-fill by the LDSS for circumstances not listed above.

Fields 24M through 24O (INPATIENT HOSPITAL VISITS) may be used for block-billing CONSECUTIVE visits within the SAME MONTH/YEAR made to a patient in a hospital inpatient status.

#### FROM AND THROUGH DATES (Field 24M)

Leave this field blank.

#### **PROCEDURE CODE (Field 24N)**

Leave this field blank.

#### MOD [Modifier] (Field 240)

Leave this field blank.

Note: Leave the last row of Fields 24H, 24J, 24K, and 24L blank.

Trailer Section: Fields 25 through 34

The information entered in the Trailer Section of the claim form (fields 25 through 34) must apply to all claim lines entered in the Encounter Section of the form.

#### **CERTIFICATION (Signature of Physician or Supplier) (Field 25)**

The billing provider or an authorized representative must sign the claim form. Rubber stamp signatures are not acceptable. Please note that the certification statement is on the back of the form.

#### PROVIDER IDENTIFICATION NUMBER (Field 25A)

Enter the Medicaid Provider ID number, which is the eight-digit identification number assigned to providers at the time of enrollment in the Medicaid program.

Note: Until NYS Medicaid is able to accept and process claims using the National Provider ID (NPI), providers must continue to report their assigned NYS Medicaid Provider ID number. Providers will be notified by NYS Medicaid when to begin reporting NPI information.

#### MEDICAID GROUP IDENTIFICATION NUMBER (Field 25B)

The Medicaid Group ID number is the eight-digit identification number assigned to the Group at the time of enrollment in the Medicaid program.

For a **Group Practice**, enter the Group ID number in this field. A claim should be submitted under the Group ID **only** if payment for the service(s) being claimed is to be made to the group. In such case, the Medicaid Provider ID number of the group member that rendered the service must be entered in field 25A.

For a **Shared Health Facility**, enter in this field the 8-digit identification number which was assigned to the facility by the New York State Department of Health at the time of enrollment in the Medicaid program.

If the provider or the service(s) rendered is not associated with a Group Practice or a Shared Health Facility, leave this field blank.

Note: Until NYS Medicaid is able to accept and process claims using the National Provider ID (NPI), providers must continue to report their assigned NYS Medicaid Provider ID number. Providers will be notified by NYS Medicaid when to begin reporting NPI information.

#### **LOCATOR CODE (Field 25C)**

Locator codes are assigned to the provider for each service address registered at the time of enrollment in the Medicaid program or at anytime, afterwards, that a new location is added.

Locator codes 001 and 002 are for administrative use only and are not to be entered in this field. If the provider renders services at one location only, enter locator code 003. If the provider renders service to Medicaid patients at more than one location, the entry may be 003 or a higher locator code. Enter the locator code that corresponds to the address where the service was performed.

Note: The provider is reminded of the obligation to notify Medicaid of all service locations as well as changes to any of them. For information on where to direct locator code updates, refer to Information for All Providers, Inquiry section on the web page for this manual.

#### SA EXCP CODE [Service Authorization Exception Code] (Field 25D)

Leave this field blank.

#### **COUNTY OF SUBMITTAL (Unnumbered Field)**

Enter the name of the county wherein the claim form is signed. The County may be left blank **only** when the provider's address is within the county wherein the claim form is signed.

#### **DATE SIGNED (Field 25E)**

Enter the date on which the provider or an authorized representative signed the claim form. The date should be in the format MM/DD/YY.

Note: In accordance with New York State regulations, claims must be submitted within 90 days of the Date of Service unless acceptable circumstances for the delay can be documented. For more information about billing claims over 90 days or two years from the Date of Service, refer to Information for All Providers, General Billing section on the web page for this manual.

#### PHYSICIAN'S OR SUPPLIER'S NAME. ADDRESS. ZIP CODE (Field 31)

Enter the provider's name and correspondence address in this field.

Note: It is the responsibility of the provider to notify Medicaid of any change of address or other pertinent information within 15 days of the change. For information on where to direct address change requests, please refer to Information for All Providers, Inquiry section which can be found on the web page for this manual.

#### **PATIENT'S ACCOUNT NUMBER (Field 32)**

For record-keeping purposes, the provider may choose to identify a patient by using an office account number. This field can accommodate up to 20 alphanumeric characters. If an office account number is indicated on the claim form, it will be returned on the Remittance Advice. Using an Office Account Number can be helpful for locating accounts when there is a question on patient identification.

#### OTHER REFERRING/ORDERING PROVIDER ID/LICENSE NUMBER (Field 33)

If supplies or equipment are dispensed to a restricted patient who was referred by his/her primary provider to another provider who orders services, enter the primary provider's Medicaid ID number in this field. **Do not enter the license number of the primary provider.** The ordering provider information must be entered in fields 19B and 19C.

#### PROF CD [Profession Code - Other Referring/Ordering Provider] (Field 34)

Leave this field blank.

# Section III - Remittance Advice

The purpose of this section is to familiarize the provider with the design and contents of the Remittance Advice.

eMedNY produces remittance advices on a weekly (processing cycle) basis. Weekly remittance advices contain the following information:

- A listing of all claims (identified by several pieces of information as submitted on the claim) that have entered the computerized processing system during the corresponding cycle.
- The **status** of each claim (deny/paid/pend) after processing.
- The eMedNY **edits** (errors) failed by pending or denied claims.
- Subtotals (by category, status, and member ID) and grand totals of claims and dollar amounts.
- Other **financial information** such as recoupments, negative balances, etc.

The remittance advice, in addition to showing a record of claim transactions, can assist providers in identifying and correcting billing errors and plays an important role in the communication between the provider and the eMedNY Contractor for resolving billing or processing issues.

Remittance advices are available in electronic and paper formats.

# **Electronic Remittance Advice**

The electronic HIPAA 835 transaction (Remittance Advice) is available via the eMedNY eXchange or FTP. To request the electronic remittance advice (835) providers must complete the Electronic Remittance Request Form, which is available at www.emedny.org by clicking on the link to the web page below:

# **Provider Enrollment Forms**

For additional information, providers may call the eMedNY Call Center at 800-343-9000.

The NYS Medicaid Companion Guides for the 835 transaction are available at www.emedny.org by clicking on the link to the web page below:

eMedNY Companion Guides and Sample Files

Providers who submit claims under multiple ETINs receive a separate 835 for each ETIN and a separate check for each 835. Also, any 835 transaction can contain a maximum of ten thousand (10,000) claim lines; any overflow will generate a separate 835 and a separate check.

Providers with multiple ETINs who choose to receive the 835 electronic remittance advice may elect to receive the status of paper claim submissions and state-submitted adjustments/voids in the 835 format. The request must be submitted using the Electronic Remittance Request Form located at <a href="https://www.emedny.org">www.emedny.org</a>. If this option is chosen, no paper remittance will be produced and the status of claims will appear on the electronic 835 remittance advice for the ETIN indicated on the request form. Retroadjustment information is also sent in the 835 transaction format. Pending claims do not appear in the 835 transaction; they are listed in the Supplemental file, which will be sent along with the 835 transaction for any processing cycle that produces pends.

Note: Providers with only one ETIN who elect to receive an electronic remittance, will have the status of any claims submitted via paper forms and state-submitted adjustments/voids reported on that electronic remittance.

# **Paper Remittance Advice**

Remittance advices are also available on paper. Providers who bill electronically but do not specifically request to receive the 835 transaction are sent paper remittance advices.

#### Remittance Sorts

The default sort for the paper remittance advice is: Claim Status (denied, paid, pending) – Patient ID – TCN

Providers can request other sort patterns that may better suit their accounting systems. The additional sorts available are as follows:

- TCN Claim Status Patient ID Date of Service
- Patient ID Claim Status TCN
- Date of Service Claim Status Patient ID

To request a sort pattern other than the default, providers must complete the Paper Remittance Sort Request Form available at www.emedny.org by clicking on the link to the web page below:

# **Provider Enrollment Forms**

For additional information, providers may also call the eMedNY Call Center at 800-343-9000.

#### **Remittance Advice Format**

The remittance advice is composed of five sections as described below.

- Section One may be one of the following:
  - Medicaid Check
  - Notice of Electronic Funds Transfer (EFT)
  - Summout (no claims paid)
- Section Two: Provider Notification (special messages)
- Section Three: Claim Detail
- Section Four:
  - Financial Transactions (recoupments)
  - Accounts Receivable (cumulative financial information)
- Section Five: Edit (Error) Description

# **Explanation of Remittance Advice Sections**

The next pages present a sample of each section of the remittance advice for Durable Medical Equipment (DME) providers followed by an explanation of the elements contained in the section.

The information displayed in the remittance advice samples is for illustration purposes only.

The following information applies to a remittance advice with the default sort pattern.

#### Section One – Medicaid Check

For providers who have selected to be paid by check, a Medicaid check is issued when the provider has claims approved for the cycle and the approved amount is greater than the recoupments, if any, scheduled for the cycle. This section contains the check stub and the actual Medicaid check (payment).

## Explanation of the Claim Detail Columns

## LN. NO. (LINE NUMBER)

This column indicates the line number of each claim as it appears on the claim form.

#### PROC (PROCEDURE) CODE

The five-digit procedure/item code that was entered in the claim form appears under this column.

## **QUANTITY**

The quantity of each item dispensed as entered in the claim form appears under this column. The units are indicated with three (3) decimal positions. Since DME providers must only report whole units of service, the decimal positions will always be 000. For example: 3 units will be indicated as 3.000.

#### **CLIENT ID NUMBER**

The client's Medicaid ID number appears under this column.

#### **CLIENT NAME**

This column indicates the last name of the patient. If an invalid Medicaid Client ID was entered in the claim form, the ID will be listed as it was submitted but no name will appear under this column.

#### OFFICE ACCOUNT NUMBER

If a Patient/Office Account Number was entered in the claim form, that number (up to 20 characters) will appear under this column.

#### **SERVICE DATE**

This column lists the service date as entered in the claim form.

# **TCN**

The TCN is a unique identifier assigned to each document (claim form) that is processed. If multiple claim lines are submitted on the same claim form, all the lines are assigned the same TCN.

#### AMOUNT CHARGED

This column lists either the amount the provider charged for the claim or the Medicare Approved amount if applicable.

#### **PAID**

If the claim is approved, the amount paid appears under this column. If the claim has a pend or deny status, the amount paid will be zero (0.00).

# **STATUS**

This column indicates the status (DENY, PAID/ADJT/VOID, PEND) of the claim line.

#### **Denied Claims**

Claims for which payment is denied will be identified by the **DENY** status. A claim may be denied for the following general reasons:

- The service rendered is not covered by the New York State Medicaid Program.
- The claim is a duplicate of a prior paid claim.
- The required Prior Approval has not been obtained
- Information entered in the claim form is invalid or logically inconsistent.

#### **Approved Claims**

Approved claims will be identified by the statuses **PAID**, **ADJT** (adjustment) or **VOID**.

#### Paid Claims

The status PAID refers to **original** claims that have been approved.

#### **Adjustments**

The status ADJT refers to a claim submitted in replacement of a paid claim with the purpose of changing one or more fields. An adjustment has two components: the credit transaction (previously paid claim), and the debit transaction (adjusted claim).

#### Voids

The status VOID refers to a claim submitted with the purpose of canceling a previously paid claim. A void lists the credit transaction (previously paid claim) only.

# **Pending Claims**

Claims that require further review or recycling will be identified by the **PEND** status. The following are examples of circumstances that commonly cause claims to be pended:

- New York State Medical Review required
- Procedure requires manual pricing
- No match found in the Medicaid files for certain information submitted on the claim, for example: Client ID, Prior Approval, Service Authorization. These claims are recycled for a period of time during which the Medicaid files may be updated to match the information on the claim.

After manual review is completed, a match is found in the Medicaid files or the recycling time expires, pended claims may be approved for payment or denied.

A new pend is signified by two asterisks (\*\*). A previously pended claim is signified by one asterisk (\*).

#### **ERRORS**

For claims with a DENY or PEND status, this column indicates the NYS Medicaid edit (error) numeric code(s) that caused the claim to deny or pend. Some edit codes may also be indicated for a PAID claim. These are "approved" edits, which identify certain "errors" found in the claim, which do not prevent the claim from being approved. Up to twenty-five (25) edit codes, including approved edits, may be listed for each claim. Edit code definitions will be listed on the last page(s) of the remittance advice.

#### Subtotals/Totals

Subtotals of dollar amounts and number of claims are provided as follows:

Subtotals by **claim status** appear at the end of the claim listing for each status. The subtotals are broken down by:

- Original claims
- Adjustments
- Voids
- Adjustments/voids combined

# **DME Billing Guidelines**

Subtotals by **provider type** are provided at the end of the claim detail listing. These subtotals are broken down by:

Subi	iolais are broken down by.
•	Adjustments/voids (combined)
•	Pends
•	Paid
•	Denied
•	Net total paid (sum of approved adjustments/voids and paid original claims)
prac prac	als by <b>member ID</b> are provided next to the subtotals for provider type. For individual cititioners these totals are exactly the same as the subtotals by provider type. For cititioner groups, this subtotal category refers to the specific member of the group provided the services. These subtotals are broken down by:
•	Adjustments/voids (combined)
•	Pends
•	Paid
•	Deny
•	Net total paid (sum of approved adjustments/voids and paid original claims)
follo	nd Totals for the entire provider remittance advice appear on a separate page wing the page containing the totals by provider type and member ID. The grand is broken down by:
•	Adjustments/voids (combined)
•	Pends
•	Paid
•	Deny
•	Net total paid (entire remittance)

#### **Section Four**

This section has two subsections:

- Financial Transactions
- Accounts Receivable

# Financial Transactions

The Financial Transactions subsection lists all the recoupments that were applied to the provider during the specific cycle. If there is no recoupment activity, this subsection is not produced.

The Net Financial Transaction Amount added to the Claim Detail-Grand Total must equal the Medicaid Check or EFT amounts.
