

## Important Information Regarding Electronic Claims Capture and Adjudication (ECCA) for Pharmacy Providers

To submit **ECCA** transactions, a **Personal Identification Number (PIN) is required.**

Additionally, the pharmacy must have an Electronic Transmitter Identification Number (ETIN) on file with eMedNY. These should be submitted in NCPDP Processor Control NCPDP field 104-A4. The Processor Control Number field has two formats:

- Providers with a 3 character or a 4-character Electronic Transmitter Identification Number (ETIN).
  - 3 Character ETIN: The Read Certification Indicator (PIC X (01)), the Pharmacist's Initials (PIC X (02)), Provider Personal Identification Number (PIN) (PIC X (04)) and the Provider ETIN (PIC X (03)).
  - 4 Character ETIN: The Pharmacist's Initials (PIC X (02)), Provider Personal Identification Number (PIN) (PIC X (04)) and the ETIN (PIC X (04)).

*Note: For an ECCA, the Authorization Number field (503-F3) is not returned on the response*

**Non-ECCA** transactions are usually done to perform Prospective Drug Utilization Review (ProDUR) only, prior to a ECCA transaction. To perform this, a provider would submit spaces in the Processor Control Number field (104-A4). They would receive a "C" value returned in the Transaction Response Status field (112-AN), and then the message NO CLAIM TO FA is returned in the Authorization Number field (503-F3).

### **Important things to keep in mind when doing a non-ECCA transaction:**

- If the pharmacy performs a non-ECCA transaction, they will need to follow that transaction with an ECCA transaction (adding in the PCN value), to receive a claim capture and adjudication.
- If the original transaction was non-ECCA, the provider cannot submit with another non-ECCA transaction, or a duplicate transaction response will be triggered. The pharmacy will hit edit # 00705 Dup Paid/Captured Claim & receive a reject response of Dup Paid/Captured Claim. No adjudication process will occur.

**For more information on ECCA and non-ECCA transactions please use the following resources:**

ProDUR Manual: [https://www.emedny.org/ProviderManuals/Pharmacy/ProDUR-D.0-ECCA\\_Provider\\_Manual/Pro%20DUR%20ECCA%20Provider%20Manual%20\(D.0\).pdf](https://www.emedny.org/ProviderManuals/Pharmacy/ProDUR-D.0-ECCA_Provider_Manual/Pro%20DUR%20ECCA%20Provider%20Manual%20(D.0).pdf)

How to get an ETIN/PCN: <http://www.emedny.org/info/ProviderEnrollment/allforms.html>
